VOL. 96 NO. 107

VICTORIA, B.C., MONDAY, MAY 6, 1940—20 PAGES

PRICE FIVE CENTS

No Longer Secret

Allies succeed in getting a picture of this German gun in position near the Westwall, raised to the angle for firing. It is what is known as a "sectional bore," being made in various lengths, aimed at long range.

Final Bulletins

ALL EGYPT ON ALERT

CAIRO, Egypt (AP)—Premier Aly Maher Pasha tonight signed orders tightening up Egypt's defence preparedness.

The Suez Canal, west of which a battle fleet of the British and French navies has concentrated in Alexandria, is being swept continuously for possible mines.

Not Bluffed By Italy

LONDON — The Associated Press quoted British official sources at Alexandria, Egypt, tonight as saying Britain is ready "to meet Italy on land, sea and air should she decide to fight."

The answer to the question, they said, "will be made clear in the course of the next week, as the test has already started."

Duce Sees Umberto

ROME (AP)—Premier Mussolini conferred with Crown Prince Umberto today on military problems as heightened tension was reported between Italy and Yugoslavia. The Crown Prince is commander of half the Italian army.

Authoritative quarters said "precautionary measures" along the Yugoslav frontier were the result of "French-British intrigues."

POUND SLIPS

NEW YORK (AP)—The open market quotation of the pound sterling dropped to the lowest of the war period in terms of the United States dollar today following the week-end German claims of air successes over Britain's navy. At one time in late dealings the British currency was down about six cents. The so-called "free" rate, determined by local demand and supply, slipped under \$3.42 compared with the official buying rate of \$4.02 set by the British Exchange Control.

A number of British Empire bonds also skidded to new lows for the war period. Among the wider losers were Australia 4½s, New South Wales 5s and Sydney 5½s.

REVOLTA WILL PLAY GOLF AT COLWOOD

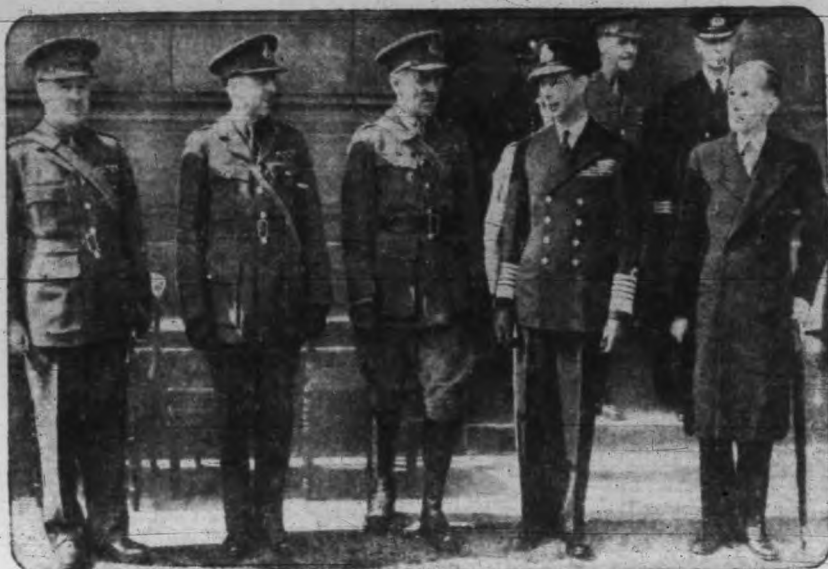

Boarding a transcontinental air liner at Chicago today, Johnny Revolta, ranking Chicago professional, will be in Victoria Tuesday to play with Ralph Guldahl, another outstanding U.S. pro, at the Colwood Golf Club. Revolta, replacing Sammy Snead, called home on the death of his mother, will reach here on the 12:30 plane from Vancouver.

Guldahl and Revolta will play Joe Pryke and Ted Colgate, starting at 2.

Artillery Duels

PARIS (CP—Havas) — The French army's evening communiqué: "Nothing important to report. Some artillery fire in lower Alsace."

Watches Canadians Take Over

King George, second from right, watches the changing of the guard as the Canadian troops take over their duties. Grouped are staff officers of Canadian headquarters in London, from left to right: Brigadier, Hon. P. J. Montague, C.M.G., D.S.O., M.C.; Assistant Adjutant and Quartermaster-General, Major-General H. D. G. Crevar; General Officer Commanding, Major-General A. G. L. McNaughton, Commander of the First Canadian Division; King George, and Hon. Vincent Massey, Canadian High Commissioner in Britain.

In London

Hon. Norman McL. Rogers, Canadian Minister of Defence, confers with military leaders in London. Left to right: Major-General W. H. P. Elkins, Canadian Ordnance Department; Mr. Rogers, Major-General V. W. Odium, commander of the 2nd Division, and Col. C. M. Edwards, Canadian headquarters staff.

Spread Too Small, Bigger Battle Looms at Narvik

Dr. W. A. Carrothers, chairman of the Coal and Petroleum Boards, was informed by a group of Victoria gas station operators this morning that the 4-cent retail spread laid down in the new gas price order will mean a serious loss of revenue to them.

The delegation consisted of R. R. Taylor, J. Hawkes, R. Hawkes, W. Davis, F. Marconi, B. Nex and C. Rawlings. They submitted figures on their operations showing how they would be affected.

The retailers also urged that in setting commercial rates, under the new order trucking and delivery firms and others who have got special discounts should pay the same as the ordinary retail rate when they fill up at service stations.

Commercial accounts getting special rates should be limited to those firms which have their own storage facilities. They are supplied direct from the bulk plants. The understanding is that these firms will get their gasoline 2 cents cheaper than the regular price.

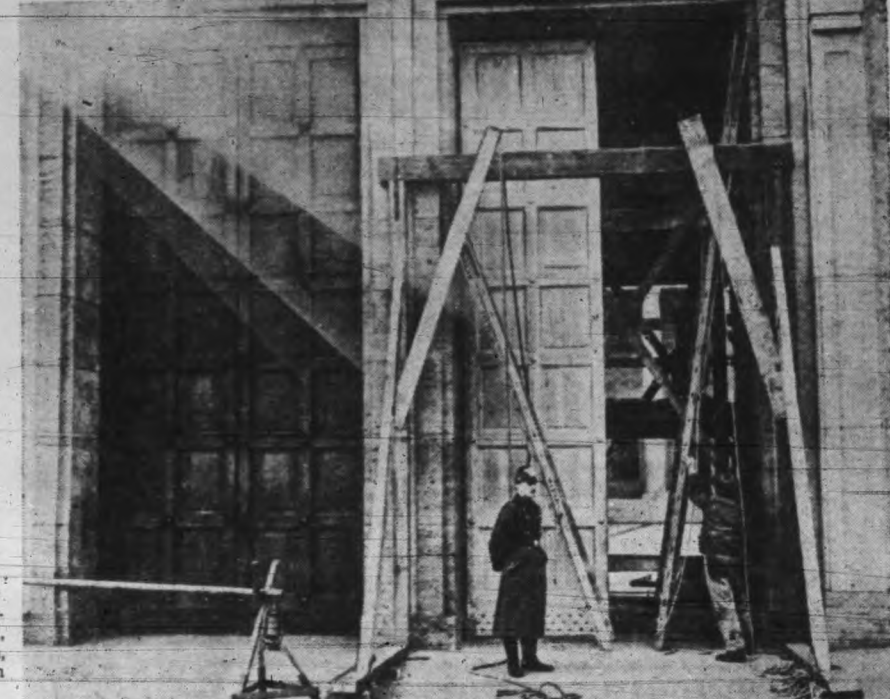

Dr. Carrothers said he was gathering information from retailers to supplement that supplied by the oil companies in arriving at rates for commercial accounts. It is expected the final price order will be drafted for submission to the provincial cabinet tomorrow. In the meantime Dr. Carrothers is communicating with Vancouver retailers.

Schwellenbach on Bench

WASHINGTON (AP) — The Senate unanimously confirmed today President Roosevelt's nomination of Senator Lewis O. Schwellenbach (Democrat, Washington State) to be federal judge in the eastern district of Washington State.

Mr. Schwellenbach, a graduate of the University of Washington, has practiced law since 1919. He was elected to the Senate in 1935.

Nazi Metal Shortage

Even the magnificent bronze doors of Hitler's prized Berlin chancellery are sacrificed on altar of Mars, to be melted into cannon. Workmen here replace them with wooden copies (right), while bronze doors, still in place at left, await their turn.

Allies Ready for Mussolini This Week

More Ships, Planes Massed Off Egypt

ALEXANDRIA (AP) — A new squadron of Allied cruisers and auxiliary warcraft arrived here today.

The new arrival joined the British and French battleships, cruisers, destroyers, submarines and torpedo boats already at this Egyptian port.

Egyptian coastal defence artillery topped off a practice session by giving their cannon a thorough workout just as the last units of the war fleet moved into the harbor.

GERMAN FALSEHOODS

LONDON (CP) — "During the last 36 hours German wireless and news services have been spreading unscrupulous stories about impending trouble on the Balkan frontier," the information ministry said tonight in an official statement.

"Many of the stories conflict," it said. "Others, issued from Berlin, are denied, also from Berlin, an hour or two after issue."

"The purpose is clear. By spreading these stories Germany seeks to create just that atmosphere of uncertainty which will favor her own purpose."

TENSION GROWS

By EDWARD KENNEDY

BUDAPEST (AP) — Extension of the war to southeastern Europe seemed more imminent today than at any time since the first days of the conflict.

Contributing to the belief of many diplomats that a crisis may be reached this week were the following developments, officially unconfirmed in some cases but given general credence:

1. Turkish troops were reported massing along the Greek and Bulgarian frontiers.
2. German troop concentrations were noted near the Yugoslav and Hungarian frontiers, as well as the shipment of Nazi tanks and war materials into eastern Slovakia, a Reich protectorate.
3. Italian military activity near the Yugoslav frontier and at the Dodecanese Islands.
4. Appearance of Russian reinforcements in former Poland near the border of Ruthenia, which Hungary obtained in the dismemberment of Czechoslovakia.
5. Publication of German reports that the Allies are about to land troops at Salonika, Greece.

(In London official sources said there was "absolutely no truth" to reports that it was intended to march British troops through Greece.)

6. The presence in the Aegean Sea of units of a British-French battle fleet, now based at Alexandria.

7. A new spy scare in Hungary, resulting in the arrest of 200 persons suspected of working for both France and Russia.

CHANGE IN PLANS

Hitler's reported orders to attempt a relief of the Narvik detachments, which have been under siege since shortly after the Germans went into Norway April 9, upset all theories thus far aired in informed circles. For weeks the German press in dealing with Narvik wrote of it as unimportant in the Norwegian developments.

Hitler apparently has now decided that he must try to remain in possession of Narvik as the western outlet port for ore from the Swedish Kiruna mines.

EXCITEMENT IN JUGOSLAVIA

Belgrade verged on a panic for a short time yesterday following a radio announcement that removal of civilians from the city had been recommended by the government. Fears were allayed, however, when it was explained the announcement was a misleading rebroadcast of a lecture on air raid precautions.

Britain and Germany, meanwhile, were reported engaged in a diplomatic struggle to obtain assurances of Bulgarian support in the event of trouble in the southeast.

RUSSIANS WATCH HITLER

Reports of the appearance of Russian reinforcements along the Ruthenian frontier were regarded as hopeful signs by some quarters in Budapest, which interpreted this development as a sign of Moscow's determination to forestall any German-Italian plan to divide the Balkans.

Information furnished by the German Gestapo was said to have led to the spy round-up in Hungary.

ENVOY BACK AT POST

LONDON (CP) — Sir Percy Loraine, British ambassador to Italy, is returning to his post from leave in England and is due to arrive in Rome tonight, it was announced today.

RUSSIAN DENIAL

MOSCOW (AP) — Authoritative Soviet-Russian quarters today denied reports circulating in the Balkans that Russia had massed divisions opposite Ruthenia.

CONFERENCE IN ATHENS

ATHENS (AP) — Italian Minister Raffaele Boscarelli returned to his post today by airplane from Rome and immediately engaged in a long conference with Premier John Metaxas. The subject of their discussion was not disclosed.

EGYPT STANDS FIRM

ALEXANDRIA (CP) — Backed by thousands of Allied troops and the largest Allied fleet yet assembled in the Mediterranean, Egypt today declared her readiness to fight against attack from any quarter, while preparing for the first country-wide blackout in the historic land of the Pharaohs.

Egypt's highest defence council began daily sessions as reports continued to come in of Italian warships and thousands of troops being concentrated at the Dodecanese Islands, about 400 miles northwest of this port across the Mediterranean.

Allied troops — about 60,000 British soldiers are said by neutrals to be in Egypt alone — stood ready to board transports and their commanders scanned reports that Italy has landed 55,000 soldiers in the Dodecanese islands.

ITALIAN PROMISE

Count Serafino Massozzini, Italian minister to Egypt, told Egypt's Italian colony of 60,000 not to believe Italy intended to attack any of her neighbors.

He said they could send their children to Italy as usual this year for youth organization exercises without any fears for their safety.

THE COUNT URGED THE COLONY, COMPOSED MAINLY OF WORKERS, TO KEEP CALM AND TO STAY ON THEIR JOBS.

M. A. MACDONALD NEW CHIEF JUSTICE

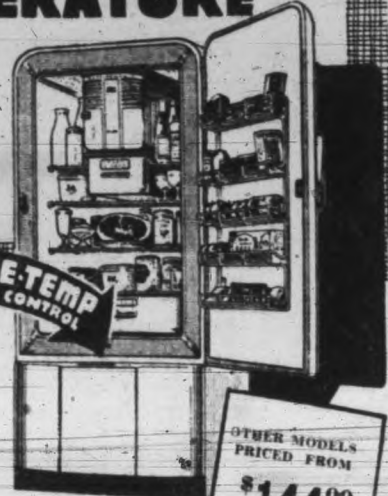

Formal announcement from Ottawa of the appointment of Justice M. A. Macdonald of the Court of Appeal as Chief Justice to succeed Hon. Archer Martin, who retired today, is expected at the cabinet meeting Tuesday.

Justice Macdonald has been officiating as acting Chief Justice for the last two months.

Appointment will also be made to fill the vacancy on the B.C. Court of Appeal bench. G. G. McGeer, K.C., M.P., announced over the week-end that the post has been offered to him and as a sitting member, according to political party rules, he has first call on the post. Wendell Farris, K.C., an earlier contender for the office is again interested and is now in Ottawa canvassing the situation. Names of others in Victoria and Vancouver are being advanced for consideration at Ottawa.

Only Westinghouse MAINTAINS CONSTANT FOOD TEMPERATURE

Because... ONLY Westinghouse HAS TRUE-TEMP

If you think that all electric refrigerators operate on the same principle—it will pay you to investigate before you buy. Westinghouse True-Temp is absolutely different—years ahead of the conventional style refrigerator with "frost-free" temperature control. Only Westinghouse automatically keeps your food at the temperature you select. Only Westinghouse gives you actual temperatures, clearly marked on the dial. Only Westinghouse maintains those temperatures, without further adjustment on your part, all day and every day, in spite of outside variations. Take no chances, investigate the Westinghouse True-Temp before you buy.

R.A.F. Foils Raiders

LONDON (CP)—A German air raid near the southeast coast of England was believed beaten

off by Royal Air Force fighters today. Coastal residents heard the drone of engines above low hanging clouds, with bursts of machine gun fire and a number of explosions.

A similar incident in the same vicinity was reported earlier in the day, when a German raider off the coast of Essex drew intense anti-aircraft fire for 10 minutes. R.A.F. planes quickly took to the air to pursue the invader.

Firemen Save Hotel

EDMONTON (CP)—Guests in the Selkirk Hotel here packed their bags in readiness to leave early today when a fire broke out in the basement. Firemen doused the blaze in 10 minutes.

FRUIT COMBINE TRIAL IN VANCOUVER

VANCOUVER (CP)—I wanted to benefit the growers. I felt the agricultural industry was headed for disaster," said J. H. Reader, former treasurer of Lander Company Limited of Vernon, in the Assize Court today when asked his motive for disclosing information which ultimately led to an inquiry and prosecutions of four individuals and eight companies for infractions of the Combines Investigation Act.

The trial is proceeding before Mr. Justice H. B. Robertson. Reader was employed by the Lander Company for ten years, resigning on May 1, 1938. Defence counsel Alfred Bull, K.C., introduced in evidence correspondence passing between Reader and his company from which it appeared the former treasurer was dissatisfied with his remuneration.

Witness told Mr. Bull that after his resignation he told a member of the tree fruit board of the set up between the Lander Company Limited and Dominion Fruit Limited, whereby the latter had acquired half the shares of the former company.

Subsequently, according to Reader, T. G. Norris, K.C., of Vancouver, took his affidavit in Vernon.

Examined by H. I. Bird, who is conducting the prosecution with Douglas Donaghy, K.C., Reader stated the tree board was not advised of credit notes given by the Lander Company to the jobber.

Witness told of a conversation with A. C. Lander, director of the Lander Company Limited in 1936, when Reader stated he did not think rebates were justified. Lander, according to the witness, informed him that "we couldn't do anything."

Norwegian Ministers Draft Plans in London

LONDON (CP)—Haldan Koht, Norwegian foreign minister, accompanied by Defence Minister Birger Ljunberg and Erik Colban, Norwegian minister in London, conferred with Prime Minister Chamberlain and Foreign Secretary Viscount Halifax today.

Dr. Koht, who with Col Ljunberg arrived yesterday at a Scottish port on a British warship, broadcast from London a message to the Norwegian people not to lose "patience" and counselled them to put their trust in the Allies.

He said the Allies had promised Norway "full aid," and that it was a point of honor for them to fulfill that promise.

MUST NOT YIELD

"We, on our side, must not give up the struggle," he added.

If the fight were given up, he said, there could be no hope Germany would restore Norway's independence after the war. He mentioned Austria, Czechoslovakia and Poland in this connection.

Lloyd George Lashes War Leadership

LONDON (CP)—The Independent newspaper Sunday Pictorial displayed an article by David Lloyd George, Britain's World War Prime Minister, denouncing the "direction of the current war as 'futile, feeble and foolish.'"

"Leaders of democracy have utterly muddled their case, and it will certainly be lost if there is not an immediate change in direction," Lloyd George asserted in the article.

"The war direction must be drastically reconstructed in organization and in personnel, otherwise disaster is inevitable."

ASSERTS COMMUNIQUE NOT SUBSTANTIATED

Up to the Prime Minister's announcement of successful withdrawal of our troops from the Trondheim area, the War Office communique gave the impression to the British public that we had finally checked the German advance. Then came the unequivocal official assurance that fresh reinforcements of troops, air

planes and heavy equipment were being landed in Norway, that gave us confidence that stern measures were being taken without loss of time which would end in the trapping of the isolated German garrisons in the Norwegian fjords, and in finally wresting the whole of Norway out of the grip of the aggressor.

"It all ends in a boast by the British Premier that our forces in central Norway had succeeded in evacuating their position without the loss of a single man. Who will give any credence henceforth to our official news?"

Reputed, the Germans came over in greater numbers on Sunday to encircle three French outposts, only to be beaten back by French reserve units summoned from the rear.

The action was accompanied by heavy artillery exchanges, the high command indicated.

French Councillors Foresee Victory

PARIS (CP)—Determination to fight until victory is achieved was reiterated throughout France today in speeches opening the regular sessions of the departmental councils—locally-elected governing bodies.

The speeches were considered significant since the councillors, representing each of the cantons within the departments, reflect the political sentiment of the provincial "man in the street." It was their first meeting since the war started.

In the department of Sarthe, former Premier Joseph Caillaux, presiding over the council, said: "We are sure to win because we control the seas, and there is no example in history of anyone establishing a vast empire when his flag had been driven from the oceans."

The department of the Gironde, the Penn, the Hercules and the Leonora, each carrying a crew of nine men, are overdue and have been given up as lost.

Three British trawlers, the Penn, the Hercules and the Leonora, each carrying a crew of nine men, are overdue and have been given up as lost.

The announcement follows: "Late last November the army counter-espionage service discovered that an adjutant non-commissioned officer had been hired by a German agent to furnish information on our fortifications in the northeastern region."

"This non-commissioned officer was sentenced to five years' imprisonment at hard labor by a military court and was expelled from the army."

"The army counter-espionage service has just discovered another case. A Swiss acting for a German agent attempted to gather information from officers and soldiers on various military questions concerning the army."

"He was arrested and turned over to the military judiciary."

British, French Polish Destroyers Sunk By Bombs

PARIS (CP)—A navy ministry communique tonight said:

"On May 3 a convoy of troop transports was attacked in the North Sea by the enemy air force. No vessel of the inter-Allied convoy was hit, but the destroyer Bison, which was a part of the escort, was sunk. A large part of the crew was saved. Families of the victims were notified."

Displacing 2,436 tons, the Bison was launched at Lorient in 1928. It normally carried a crew of 209 men. The Bison's armament included five 5.5-inch guns, four smaller guns and six torpedo tubes.

ALFRIDI VICTIM

LONDON (CP)—An Admiralty communique today said:

"The secretary of the Admiralty regrets to announce H.M.S. Alfridi has been sunk following upon the withdrawal of troops from Namsos. His Majesty's ship, of which the destroyer Alfridi (Capt. P. L. Vian, D.S.O.) was one, provided defence for the troop convoy against aircraft and submarine attack."

"With the arrival of daylight repeated waves of enemy aircraft kept up an insistent attack on the convoy, but the barrage maintained by the anti-aircraft guns of the escort was so effective that the troop transports were untouched."

"It was in the course of this action that H.M.S. Alfridi was struck by a bomb and subsequently sank."

"Two enemy aircraft were shot down. The next of kin of all casualties have been informed."

CARRIED 219

The Alfridi, a craft of 1,870 tons, was completed in May, 1938, and normally carried a complement of 219 men. The ship was fitted as a flotilla leader, although not classed as such. Her armament included eight 4.7-inch guns, seven of smaller calibre and four 21-inch torpedo tubes.

The Alfridi was the 11th British destroyer sunk since the beginning of the war. One of the 16 vessels of the Tribal class, she was a sister ship of the Gurkha, sunk by air bombs April 11, and the Mohawk, damaged in a German air raid on the Firth of Forth last October 16.

The Alfridi's commander, Capt. Vian, was in charge of the destroyer Cossack when she entered Norwegian territorial waters February 17 and rescued 300 British seamen from the German prison ship Altmarr in Josted fjord in southern Norway.

POLISH LOSS

Later today a Polish communique issued in London said: "The Polish naval staff regrets to announce that the Polish destroyer Grom, which together with other units of the Polish navy had been actively co-operating with the British fleet since the beginning of the war, has been sunk by a bomb. The Grom was engaged in the operations off the coast of Norway."

"One officer and 65 ratings are missing and must be presumed lost."

"An offer by the British government to replace this destroyer by one now building in a British shipyard has been gratefully accepted."

The Grom, 2,144 tons, was completed in a British shipyard in 1937. She had a normal complement of 180.

Three British trawlers, the Penn, the Hercules and the Leonora, each carrying a crew of nine men, are overdue and have been given up as lost.

Three British trawlers, the Penn, the Hercules and the Leonora, each carrying a crew of nine men, are overdue and have been given up as lost.

MORE SHIPS HIT, GERMANS CLAIM

BERLIN (AP)—Claiming further blows against the British navy, the German high command said that "one enemy battleship" was hit by a heavy bomb off the Narvik front and that fighting planes supporting the German group in Narvik had succeeded in raiding troop concentrations and exploding a munitions dump.

(The battleship claim was not confirmed in London.)

The claimed bomb hit on a British battleship followed on Britain's official denial of Germany's claim Saturday that Nazi bombers had sunk a 30,000-ton British battleship and a heavy cruiser off Namsos Friday.

Today's German communique continued:

"Our troops started to advance northward from Grong, eastward of Namsos. Pacification action in central and southern Norway is generally concluded."

"The mountain strongholds of Hegra capitulated. German vanguards now are standing east of Roros near the Swedish border."

"Two British Sunderland flying-boats, anchored in the north Norwegian coastal region, were machine-gunned and damaged."

SAY SUB CAPTURED

"One British submarine, which on April 15 was damaged by a mine, was captured by two German airplanes in the Kattegat. They (the planes) determinedly descended at sea near the submarine. The commander of the submarine and one noncommissioned officer were taken prisoner and brought aboard the planes."

"Patrol boats of the German navy then towed the British submarine to a German port."

(Swedish dispatches seemed to bear out the report a British submarine had been captured.)

"Two British Bristol Blenheims were shot down near Terschelling (the Netherlands)."

The communique said German forces were continuing to mop up Norwegian die-hards still showing fight—chiefly in the Trysil area east of Lillehammer and around Roros, southeast of Trondheim.

Surrender of 160 men and 15 officers who had fought off German attacks from the rocky fastness of Hegra Fortress, 20 miles east of Trondheim, was claimed.

Less Butter for Britain

LONDON (CP)—Because of the cessation of Danish supplies, Britons were told today by Lord Woolton, Food Minister, to prepare for the reduction at an early date of the butter ration from eight to four ounces each week. The minister warned that the sugar ration of 12 ounces each week might be reduced also.

Attacked 3 Days

LONDON (CP)—Twenty-seven men from an unidentified British trawler reported on being landed by rescuers at a Scottish port Saturday that German planes machine gunned them for three

B.C. Youth Missing On R.A.F. Raid

LONDON (CP)—One Canadian, Sergt. G. C. Perry, born at St. Francis, B.C., whose father lives at Revelstoke, is listed as missing, believed killed, in the Royal Air Force's largest casualty list of this war.

Flying Officer P. J. Templeman

days before finally sinking their vessel. Survivors said a Nazi bomber came to the aid of the machine-gunning planes to get in the blow which sank their craft. The trawler had been working in the vicinity of Andalsnes, Norwegian port abandoned Thursday by the Allies.

of St. John's, Nfld., badly injured when his plane was shot down over a German coastal town last March, is listed with those who died of wounds received in action.

The casualty list names 20 killed in action, 26 killed on active service, 12 who died while on active service and 52 who are missing.

The new list brings the totals since the outbreak of war to 238 killed in action, 28 dead of wounds suffered in action, 118 missing and believed killed, 436 killed on active service, 212 who died on active service and 71 who were wounded on active service.

Other totals so far are 39 wounded in action, 9 missing and believed to be prisoners, 8 known captured and 208 others missing.

Ottawa Launches War Savings Plan

OTTAWA — W. H. Somerville of Waterloo, Ont., and De Gaspe Beaubien of Montreal have been named joint chairmen of the National War Savings Committee, which will launch the sale of war savings certificates.

Hon. J. L. Ralston, Minister of Finance, making the announcement, said:

"The time has come to extend the government's wartime financial measures by mobilizing the savings of the Canadian people through the sale of war savings certificates. We have been fortunate in securing the services of two distinguished Canadians to take the helm of this important movement."

Mr. Somerville is general manager and director of the Mutual Life Assurance Company of Canada; an associate of the Institute of Actuaries of Great Britain, an associate of the Actuarial Society of America, Ontario vice-president of the Canadian Chamber of Commerce, and a past president of the Canadian Life Insurance Officers' Association.

Mr. Beaubien, a consulting engineer, is treasurer of the Engineering Institute of Canada and represents that organization on the executive committee of the Canadian Chamber of Commerce; vice-president of the Royal Automobile Club of Canada; immediate past president of the Montreal Canadian Club and director of a number of industrial companies.

"Under Mr. Somerville and Mr. Beaubien," said Mr. Ralston's announcement, "a national committee will be organized on a voluntary basis to make the sale of war savings certificates a wholehearted Canadian effort by a forceful campaign throughout Canada. An effort will be made to promote a program of thrift and regular savings amongst all Canadians, including school children. While this program is designed to supplement wartime bond financing, it will provide the purchasers of war savings certificates with a reserve of purchasing power. Widespread acceptance of the war savings certificates will be of material assistance in Canada's war effort on the economic front."

Organization of provincial divisions of the committee is proceeding and further announcements may be expected.

Italian Foresees Nazi Invasion of Britain

ROME (AP) — Giovanni Ansaldo, editor of Il Telegrafo, newspaper of the Italian foreign minister, Count Galeazzo Ciano, repeated his claim yesterday that Germany would invade Britain.

Ansaldo made the claim in his weekly broadcast to the Italian armed forces. He had made a similar "prediction" in Il Telegrafo Saturday.

"Everything causes one to presume that this war very soon will see a great effort on the part of Germany to invade England in force," Ansaldo said.

"Never were conditions in which the present war is being conducted more favorable to the attackers, never were technical resources available to the enemy on the continent so favorable."

"The blow planned by Napoleon certainly will be attempted again."

In his speech Ansaldo made no reference to future Italian policy other than the statement that "Italy must emerge from this great crisis with a settlement of its age-old problems of independence and greatness."

Concentration of Allied warships in the Mediterranean, with at least seven British and French battleships reported among the combined squadrons, caused Italy to issue a bluntly-worded warning that she would repulse any offensive action in "mare nostrum" (our sea).

The warning came from Premier Mussolini's journalist spokesman, Virginio Gayda, who wrote in Il Giornale d'Italia that if the Allied concentration of naval power in the Mediterranean signifies an attempt "at an offensive undertaking" it will find Italy's reaction "prompt and strong."

The Milan newspaper Corriere Della Sera warned that Italy's navy and air force will have the same influence on the war in the Mediterranean as Germany's had in making "ineffective the unquestioned English naval superiority on the Norwegian coast."

COLWOOD

The St. John's Church Junior Women's Auxiliary will hold a handkerchief sale and silver tea Tuesday afternoon in Colwood Hall. Home cooking and candy will be on sale.

The monthly meeting of the St. John's Women's Auxiliary will be held next Wednesday afternoon in Colwood Hall at 2:30.

15 New Senators To Be Presented

OTTAWA (CP)—Fourteen, and perhaps 15, new Senators will be introduced to the upper chamber before Sir Lyman P. Duff, administrator of the government, formally opens Parliament May 16.

There have been 14 vacancies filled since the last Parliament was dissolved January 25, but a new vacancy was created when Hon. George Lynch-Staunton, Conservative Senator from Hamilton, Ont., died March 19. The vacancy may be filled before Parliament meets, it is understood.

Of the new Senators, six are from Quebec, four from Ontario, one each from Nova Scotia, Saskatchewan, Alberta and Manitoba.

Parliament will meet at 11 a.m. P.S.T. instead of the usual 3 p.m. on opening day for the ceremony associated with the election of a new Speaker of the Commons.

The Senate Speaker is appointed by the government, however, so before the ceremony with the Commons, the Senate Speaker takes his chair and new Senators are brought forward one by one to take the oath of allegiance and sign their commission on the table on the floor of the upper house. They are presented formally to the Speaker, and may then take their seats.

The new Senators include several former members of the House of Commons. From Quebec are Fernand Laford, former Liberal M.P. for L'Islet; C. B. Howard, former Liberal M.P. for Sherbrooke; E. C. St. Pierre, former Liberal M.P. for Montreal-Hochelaga; W. J. Hushion, former Liberal M.P. for Montreal-St. Ann's; Athanase David, former Liberal cabinet minister of Quebec, and Elie Bearegard, prominent Montreal lawyer.

Ontario's new Senate members are Hon. J. C. Elliott, former Postmaster-General; J. J. Duffus, former Liberal M.P. for Peterborough; Norman Paterson, grain and shipping magnate from Fort William, and Salter Hayden, Toronto lawyer and financier.

Also former Liberal members of Parliament are Donald MacLennan, former member for the Nova Scotia seat of Inverness-Richmond, and A. L. Beaubien, former member for Provencher, Manitoba. The other newcomers are J. J. Stevenson, gentleman farmer from Regina, and Dr. Aristide Blais, a noted Alberta physician from Edmonton.

Poison Causes Death

WEYBURN, Sask. (CP)—Edward H. Sather, 61, farmer, in the Mountgreen district near Bromhead, died Sunday from poisoning. Dr. Smythe Torquay, coroner, said the man had taken the poison by mistake and that no inquest would be held.

British Labor M.P. Urges Attack on Italy

BIRMINGHAM, Eng. (CP)—Emmanuel Shinwell, Labor member of Parliament, proposed in a speech here that the Allies should attack Italy instead of waiting for it to attack them.

"I am sick and tired of the brag for which Mussolini and his friends in Italy are responsible," he said. "Our patience is becoming exhausted. We can't live constantly under threats. 'If I know that an opponent is waiting for me, I should prefer to go for him rather than allow

him to go for me. We can't have these alarms all over the place."

Oslo Airport Bombed

OSLO, German-held Norway (AP)—British bombers raided the Oslo airport Saturday night for the sixth time within a week. There was no report on the result.

STILL WILLING

The Veterans' Sightseeing and Transportation Company Limited operators of the Blue Line Transit Company of Victoria, Oak Bay and Nanaimo, B.C., are still prepared to replace street cars in Greater Victoria and guarantee that there will be no increase in fares.

The war has not made any difference to the ability of a bus operation in this country. The Dominion and provincial government would receive large sums in the way of taxes immediately, which could be used for the purpose of fighting the war. The bus operation would put nearly \$1,000,000 in the way of taxes into the hands of the respective governments over a period of the proposed franchise term. The governments are not getting this money from the street car operation.

Eleven per cent more for exchange would mean that the buses would cost \$56,000 more to import (the 11% is paid only on the United States price). There are 70,000 people affected. The cost would only be 8c per person per year to take care of this exchange situation.

The City would not obligate themselves \$1, but would have its appearance and traffic problems improved greatly. The expenditure would be over \$600,000.

War has caused the oil companies to lose 95% of their export business, as no ships are available to carry their products. The war in Europe will not make a gasoline shortage in this country, nor will it affect the price. Our Company has definite arrangement for our supplies.

Importing buses comes under the same regulations as regard to the foreign exchange as importing ordinary cars or equipment to make same.

This advertisement is published and paid for by the Blue Line Transit Company, Victoria, B.C.

H. L. SANGSTER,
President.

Tomorrow's Debate

WHEN MR. CHAMBERLAIN REORGANIZED his cabinet a few weeks ago it was described by several London newspapers friendly to the government as a game of musical chairs. Mr. Churchill's influence was increased—and so was his work. His new office was the most interesting of the ministerial changes. As senior defence minister he has presided over a committee composed of defence ministers, the three chiefs of staff, and the Minister of Supply to advise the cabinet on major strategic matters. As the London Daily Mail said at the time, however, the change "illustrates again the government's ineradicable habit of compromise; Mr. Chamberlain has not brought himself to the important point of making Mr. Churchill Minister of Defence."

How Mr. Chamberlain now feels toward Mr. Churchill we do not know. Mr. Churchill for many months was among the Prime Minister's most bitter critics. He abominated Munich and all that led up to it. On every conceivable occasion he voiced his utter distrust of the totalitarian dictators and flayed the government for its dealings with them. All this, of course, represents so much water under the Thames and into the sea. But the British people are now preparing themselves for the House of Commons debate tomorrow. They have had a shock. No matter what may be said about the Norwegian venture, they will want to be assured that not only will there be no repetition, if repetition is humanly preventable, but also that Britain is ready to forsake some of her traditional observance of the proprieties in international dealings when there is the slightest possibility that a rigid observance of them might require more "strategic withdrawals."

If Mr. Chamberlain should decide that the time has come for him to take matters easier—and his has been a herculean task for a long time—there will be many in Britain and in the rest of the empire who will welcome a complete reorganization of the present cabinet, with the work arranged so that key ministers can be relieved of non-essential or relatively unimportant detail. If today's newspaper comment be any criterion of the public's attitude, the Prime Minister will call in such men as Sir Archibald Sinclair and Major Clement Attlee, Liberal and Labor leaders, respectively, and reduce his war council, or whatever he chooses to call it, to such proportions as will get decisive action quicker than we are told it has been obtained in some important particulars in the past.

Watching the Robber Work

BEING WISE AFTER THE EVENT IS A human tendency which is given full rein in times of stress. Armchair strategists are now busy telling the world what the Allies ought to have done in Norway. Some of it can be unceremoniously ignored. True, something went wrong, and there is every likelihood that the venture will prove more costly than we were led to suppose. But a careful consideration of Leland Stowe's account of "the biggest bluff in modern history" will leave most readers with a new conception of the antecedents of Hitler's alleged surprise decision to invade Norway, how it succeeded, and how by a single circumstance it might just as easily have been a complete disaster for Nazi strategy and the German cause in its entirety. Mr. Stowe says at one point:

"Norway's capital was captured by fewer than 1,500 men. Perhaps 30,000 Osloans watched, at least half of them men, and two-thirds of these of military age. Not a bomb had been dropped inside the capital by the Germans. Not a shot was fired. Not one hand or one voice was lifted as the German regulars paraded into complete possession of Oslo, and at any time up to that moment even 20 British bombers could easily have ruined the German landing party at Fornebo, protected as they were by only half-a-dozen planes. At any time within the following 24 hours, 50 British bombers over Fornebo would have thrown the German forces of occupation into consternation. With sheer nerve and audacity the Germans seized Oslo, counting confidently on British slow motion. Those who conquer must know how to take big risks."

Mr. Stowe relates that when Oslo had its first blackout on April 9 the Grand Cafe was crowded with men as well as women. "Nobody," he writes, "acted as if Norway had just been occupied by a foreign army. Conversation was as usual. I had still not seen one tear nor one ashamed face, but we had heard plenty of people asking why the British did not do something. It did not seem to have occurred to anyone to ask why Osloans should not do something for themselves." There are implications in this attitude of mind on the part of the people of Norway's capital, where thousands of men of military age watched and said and did nothing, suggestive of the efficacy of a technique which had scarcely assumed such visible proportions as to justify definite action on the part of the Allies. One question which is doubtless being asked, however, and to which no answer may be expected, is what was the British Secret Service doing to counteract the "quitting" of the founder of Norway's minuscule Nazi Party—Major Vidkun Quisling, the head of Hitler's "Fifth Column"?

East and West

WE ARE INCLINED TO AGREE WITH the Vancouver Sun when it says that "Ottawa takes a long time to realize there is a Pacific climate in Canada." Our contemporary presented its readers with the following editorial the other day:

"Here we had the Exchange Board and Tourist Bureau announcing that special cards were to be supplied for display in stores, hotels and gas stations showing American tourists how to make sure of full benefit of the premium on U.S. money."

"Vancouver Board of Trade asked for a large supply for distribution here. Reply: The cards would not be ready for another three weeks—when the tourist season begins to open in eastern Canada."

"Is it any wonder this Pacific coast is exasperated sometimes?"

Some easterners still seem to think that Canada's west ends at the Rocky Mountains. And along about the end of March not a few eastern newspapers begin to run cartoons of devotees of the royal and ancient pastime looking over their clubs in anticipation of the opening of the golfing season some time toward the end of April or the beginning of May. By that time, of course, Winnipeg, Toronto and the mangle welders from Ottawa holidaying here have begun to shed their sweaters—some of them having worn sleeveless ones since early February—as an aid to further reductions in handicap. To them there is no beginning or end of a tourist season here. It is continuous.

Let it not be forgotten, however, that British Columbia must go after this trade more energetically than ever before. We still think Hon. W. J. Assestine, as the provincial minister under whose department the travel bureau operates, should take a month off and spend it in the United States applying the personal touch—which means so much. He would make an excellent salesman.

Beware of Spies

IT OUGHT TO BE REASONABLE TO ASSUME that the proper authorities in Canada are carefully watching any resident of this country who might be capable of doing "Fifth Column" work for the enemy. This is not intended to suggest that the many thousands of German or Italian or Russian birth who are enjoying life in this Dominion are behaving in a manner incompatible with Canadian citizenship. It should be recognized, however, that industrial Canada now engaged in war work is watching production with eagle eyes. Those employed in the numerous plants turning out munitions are under close observation; one false move would be their undoing. The necessity for such vigilance needs no emphasis. But the experience of other countries nearer to the scene of conflict—in Britain and France, Belgium and Holland, Turkey and Rumania, Yugoslavia and Hungary, Bulgaria and Greece—should be a warning to us in Canada, as it already has been interpreted in the United States, that ears are open everywhere for the unguarded word which can be turned into use against the Allied cause in one form or another. This is a life and death struggle, and while there is no need for hysteria, the smug complacency which argues that "It Can't Happen Here" is dangerous to a degree.

Notes

An authority says that Confucianism is not a religion. We had been thinking recently it didn't sound very devout.

The Nazi propaganda office contends Robinson Crusoe was a German. And Goethe and Schiller, perhaps, were neighbors of Shakespeare?

A naturalist tells us crows are by all odds the most intelligent of birds. One never hears of them foolishly setting up dummies to scare the gardener.

There are 120,000 Indians in Canada, and on average we spend \$8.70 per head per year on Indian relief; not treaty money, but a dole. The reason is that over wide areas their natural livelihood, trapping, has disappeared. The wild life is gone. Without the dole, the Indians would starve.

JUST ONE EACH

From Winnipeg Free Press

If every adult Canadian could persuade a single American neighbor to holiday during 1940 in Canada, something pretty close to 7,000,000 Americans would cross our border on such invitations alone. And if each of these spent only \$50 apiece on their holiday that would mean almost enough money to finance Canada's war for a year! The issue, then, is to do our bit in convincing Americans that Canada is literally packed with exciting vacation places.

One way of succeeding in such happy enterprise would be to send for a batch of free copies of the startling handsome illustrated pamphlet on "The Banff-Jasper Highway" and adjacent National Park areas, which the National Parks Bureau of Ottawa has just had prepared. A note addressed to that department will bring the publication by return mail, and what a pleasant evening one could have posting a dozen or a score or so to one's friends south of our border!

They could scarcely resist the lure of the picture and lucid text in that booklet! Many of them would forthwith turn vacationing eyes northward. And we, in this successful inveigling, them into sampling Canada's hospitality and delights, would be doing our bit in helping to win the war!

Parallel Thoughts

Watch ye and pray, lest ye enter into temptation. The spirit truly is ready, but the flesh is weak. Mark 14:38.
Open thy heart to God, if he be there; the outward world will be the book of prayer. —Tholuck.

Loose Ends

By BRUCE HUTCHISON

THE GREAT

THE OTHER DAY Premier King visited

Mr. Roosevelt down at Warm Springs, Georgia. The Ottawa Journal is proving inquisitive, not to say indelicate, about the meeting of these great minds under difficult circumstances, for, according to official report, they were not going to talk about any public question. So that if Mr. King were to ask casually, just by way of being friendly, what Mr. Roosevelt heard from his Mr. Welles, why then Mr. Roosevelt would be bound to counter by asking Mr. King how his sheep had wintered at Kingsmere. Or if Mr. Roosevelt were to ask what Mr. King had heard from Mr. Chamberlain, Mr. King would inquire warmly about Mr. Roosevelt's tulips at Hyde Park.

So the Journal imagines. It may have been like that. If so, the three-day visit must have become a little boring at times. I mean you can't have a guest around for three days just talking about sheep and tulips and the weather without getting a little tired of him. Three days is had enough even if you can talk as you please. Still, the whole thing is intriguing. Every ordinary man must have asked himself how the great behave when they are alone with no camera men or reporters or secretaries around.

Do they talk in private, one wonders, as they talk in public? Does Mr. King's language move in even cadences, as on the radio? Does Mr. Roosevelt put drama and sex appeal into every sentence between mouthfuls at lunch? Is Mr. King always on the up-and-up, Mr. Roosevelt on a plane of high principle? If so, is must get awfully dull around the White House and at Laurier House. Mr. Roosevelt's family must often sneak out and dine at a hamburger stand rather than face a steady diet of appeal-to-the-conscience-of-the-world. Mr. King is a bachelor and has nobody to listen to him at breakfast except his old dog, Pat, but Pat must have had an earful of Liberalism by now. It would be enough to turn most dogs into the C.C.F.

Personally, I have never been on terms of intimacy with the great. I wouldn't know how to talk to them. But I once asked Mr. Roosevelt some questions and he answered them like an editorial in the New York Times with a quip, at the end, of The New Yorker. But I wouldn't imagine he talks like that to Mr. King. And Mr. King talks in his own house very much as you or I would talk, though perhaps not as much or so positively with such confidence in his own opinions.

Perhaps it is just as well that you and I don't know how the great talk and behave among themselves. It is better that we should see them only in their microphone moments, when they have everything prepared in advance, every cadence rehearsed, every comma well placed, every expression tried out for flaws. If everybody knew that no one is a superman over the breakfast table it would probably undermine democracy. If we could see our rulers shaving in the morning we would probably wonder too much. If we could hear them in conversation alone, with their hair down, we would realize that they are very much like us and that is a thought no conscientious citizen can bear.

TRUTH AT LAST

DOWN IN THE STATES a professor has spent a lifetime writing a book to show that George Washington never warned his countrymen against "entangling alliances." Nowhere can it be found that he ever used such a phrase. Apparently the more glib Jefferson used it as a casual statement of what Washington meant.

This ought to be a great relief to scholars. I for one have read the Farewell Address several times looking for "entangling alliances" and could never find it. A few weeks ago in the New York World-Telegram office a frantic cartoonist was trying to locate the phrase to use in a cartoon and the editor didn't know where to find it. I said of course it was in the Farewell Address and the poor fellow read it all through twice and realized I was a liar. Yet for 20 years the isolationists of the United States have rested their case time after time on the words Washington never used.

But what does it matter? Why write a book about it? Why make a research into it? Why pay any attention to it? What if Washington did say it and what if he was one of the greatest figures in history? What if he believed it? Washington also believed in coaches and horses and slavery. Washington undoubtedly believed that various herbs were good for his chest colds which eventually killed him and he certainly didn't believe in germs, which hadn't been discovered, or in electricity which hadn't been captured, or in automobiles or movies or the goddesses of Hollywood which hadn't been invented but are now the dominant facts of the civilization which he founded.

He didn't believe in democracy either, for that matter, was a member of a ruling class and believed emphatically in an hereditary caste system. Indeed the poor old gentleman didn't believe in most things that Americans believe in now and disbelieved in most things that are accepted as truth in this debauched age. So his opinion on "entangling alliances," in a world which no longer exists, are of no value whatever. But long after we are dead Americans will still be talking about the Father of His Country's words that he never uttered and national policies will be based on them.

The meek, it is written, shall inherit the earth. It's worrying about paying the inheritance tax that keeps them meek.

Elmore Philpott

NEBUCHADNEZZAR, POPEYE AND LOUIS LEBOURDAIS

A COUPLE of years ago Louis Lebourdais began to tell the world about the benefits of Cariboo grass, elegantly called Alfalfa. A lot of people smiled and said, wasn't it a caution, what these politicians would do to get publicity for their constituencies. But destiny has been kinder to the prophet from the Cariboo than it is to most of that fraternity. For scientists have now produced a formidable looking array of evidence to prove that grass is by far the richest and cheapest source of vitamins yet discovered. But the irony of fate is that the same evidence which demonstrates the vital excellence of grass indicates that one would be a fool to bring it all the way down from the Cariboo, even when called by the fancy name of Alfalfa. For the experiments of Chemists Kohler, Graham, and Schnabel, of Kansas City, Missouri, show that the use of 12 pounds of powdered grass a year will supply the necessary vitamins for a healthful diet for one whole American family. Grass they say, contains all vitamins except D, has 23 times more A than carrots, 9 times more B than spinach, 14 times more C than oranges, whether from California, Florida, Texas or Japan.

EVERYWHERE in Canada this year I noticed that people were taking all sorts of vitamin combinations. They were paying anything up to \$4 a bottle for various kinds of capsules. They were getting good value for their money even at that. For all evidence seems to show that the whole human race, especially where it thinks it is most civilized, is comparatively vitamin starved. But so ornerly is humanity that it looks with contempt on the "dago" or "hunky" who digs up free dandelions instead of paying for spinach. The drug stores do not need to be afraid of being put out of business because people have started eating clippings from the front lawn. The grass will find its way into human beings all right. But it will have to be cured, ground, packaged and sold behind a whole barrage of high pressure advertising before most of us start to consume it. For we are like that.

This generation knows that a strong man by name of Popeye consumes spinach in large quantities. That part of it which keeps dogs knows that the dog has an instinct, when sick, which makes him eat something leafy and green. Thousands of years ago a king named Nebuchadnezzar started to eat grass; "He was driven from men and did eat grass as oxen . . . and at the end of days . . . mine understanding returned unto me." For thousands of years the common assumption has been that King Neb was crazy because he ate grass. Now science indicates that he would have been permanently insane had he not done so. Grass cured him of his temporary nervous breakdown. All of which suggests that the records of history play some strange tricks on their victims.

A scientist whom I met in Montreal last winter told me that the last two years had been, from some points of view, the most fruitful years in all history. Man was on the eve of finding out exactly what he should eat, and why. In the long run that will prove more important than what happened in Norway last week.

As London Sees Him

A CHIEF JUSTICE RETIRES

From Vancouver Province

It was a notable occasion when bench and bar of British Columbia met to say farewell in his judicial capacity to their senior and head, Chief Justice Archer Martin, retiring today, on his 75th birthday.

Senator Faris, expressing the felicitations of the bar, could say of him, following Shakespeare: "It doth appear you are a most worthy judge and do know the law." For he has been sitting in judgment and applying his knowledge of the law for a long time. He has been a judge of the high court in British Columbia for 42 years.

It is a record that must be rare in the annals of any nation's judiciary. It is unique in the history of Canada. As the learned judge said himself last night: "It seems that I am looked upon as an institution—as a link with the past."

They will tell stories about Chief Justice Martin in the baristers' robing room for a long time to come. How, as local judge in admiralty here, he maintained the old British punctilio and tradition, wearing wig as well as gown in court and requiring counsel before him to do the same.

And they will recall his very respectable pride of ancestry, that he was the great-grandson of that famous Irish Martin of the 18th century, Colonel Richard Martin, M.P., author of the first law for the protection of animals, who was known as "Humanity Martin."

And Chief Justice Martin can look back on his long record with the satisfaction of the man who has done his work with ability and integrity and maintained the good traditions of his calling. He had a keen mind that was essentially the mind of the lawyer and judge and he knew and respected and maintained the tradition which says that the foundation of a stable civilization is the making and keeping of just law.

A new apparatus is being developed by government scientists to measure the lustre in furs—important in determining value of pelts.

FRESH YEAST to help digestion
VITAMINS for vitality
TOGETHER they can help
you make a comeback

Are you in a slump physically? Feeling all-in, and subject to minor digestive upsets that harm vitality?

Then try eating Fleischmann's High-Vitamin Yeast—so helpful, scientists say, because it gives you vitamins together with the action of fresh yeast itself.

The fresh yeast stimulates slow digestion and speeds up the assimilation of food. Laboratory tests have shown this is an action of the yeast itself—entirely distinct from known vitamin action.

Let this Fresh Yeast give you *double* help

Fleischmann's HIGH-VITAMIN YEAST
The all-purpose Yeast for household use

BARGAIN FARES TO EASTERN CANADA
May 18 to 29 inclusive
on the electrified OLYMPIAN via Seattle and Chicago

This year, go East the different way. Enjoy luxury at low cost on the famous OLYMPIAN. All classes of accommodations in modern, air conditioned cars. 656 smokeless, scotless, electrified miles over the mountains. Appetizing meals as low as 50¢. Also tray service—sandwiches 10¢, pie 10¢, milk 10¢, coffee 5¢.

Fast, Convenient Schedules
You'll like the speed and convenience of OLYMPIAN service. For example, only 3 days and 2 nights from Vancouver or Victoria to Toronto. Comparably fast schedules to points farther east.
Call Fare Payable in Canadian Funds • Fares, schedules to all points on request

Letters to the Editor

NOT FITTING

To the Editor:—While our men overseas are fighting to save us from the horror of a Nazi-ruled world, it seems unbelievable that any person living under the protection of the British flag should write advocating openly the poisonous tenets of Communism.

Anyone so disloyal as to extol Communism, especially at a time like the present is a potential enemy to our King and country. No belief, founded on atheism, hatred, greed and above all envy, can ever bring anything but suffering and misery to mankind. "Do men gather grapes of thorns or figs of thistles?" Let us combat this corroding evil with all the means at our disposal. The whole growth of Communism is rooted in savagery and chaos. Let us be on our guard. I should feel I was disloyal if I did not write this letter of protest.

J. HEYWOOD.

P.O. Box 495.

DUTCH DON'T WANT JAPS

To the Editor:—For Hollanders, like my family and myself, the best news of the past week was the "flash" that Cordell Hull had warned Japan "to keep hands off the Dutch East Indies"; and President Roosevelt's confirmation of his secretary's of state's stand.

Not only for the white population of the Dutch East Indies—and those whose life is vitally linked with the political status of those islands—was this "best news." They number, after all, only between 100,000 and 200,000. But, notwithstanding what has happened in years gone by—the exploitation of the natives by a greedy minority of the Hollanders and other "whites"—it can undoubtedly be said that the native population would not benefit by a change in the administration of the archipelago. Anybody who has lived for several years "over there"—who has eaten his "picot" of rice (138 pounds) as they say there!—and who has any conception of "social justice," has learned to appreciate the good characteristics of the different native races there as well as to explore the less desirable traits (which all of us have!).

Since 1917 there is a parliament in being in Java ("Volksraad"), which more and more becomes representative of all the population; and though the final say is yet in the hands of the Dutch parliament in Holland, in case of an emergency, as would arise if Hitler and his hordes invaded Holland, the Dutch East Indies could very well go on as in independent entity (as it will be at that time in the future when the natives can fully take care of themselves).

Under the present circumstances the United States are, practically, the only power which can prevent Japan grabbing the archipelago in a brutal fashion which seems to be inherent to a certain part of the German and Japanese people. Those, who as I, have learned to love that tropical country, will have felt as

the following diet is very restricted in order to produce arthritis sooner, and it must be rigidly enforced. The men must be kept incommunicado during the tests. The rations are the same every day:

Breakfast—Eight ounces stale whole wheat bread and two ounces plain cheese.

Lunch—Eight ounces stale whole wheat bread and two ounces peanut butter.

Supper—The same as breakfast.

At each meal give each man three ounces water. No drinking between meals. Only nine ounces water per 24 hours, no other liquids.

This diet has about 2,400 calories a day. If more food is required give more bread. If less food is required, give less peanut butter or none.

If the men are thirsty give chewing gum. If constipated, give castor oil. The men must not have access to any other foods or liquids. For washing and bathing give to each man a wet, soapy towel. No flushing toilet or urinal.

Besides atrophic arthritis, this diet produces uremia and acidosis. The tests must be watched carefully. Blood, urine and feces should be analyzed every day. The P.H. of the blood is more important than the pulse and temperature.

After these tests are started, I will send a diet formula for cur-

ing the atrophic arthritis produced by the above diet.

After these tests are finished I will send a dietary formula which produces hypertrophic arthritis in healthy adults.

When all these tests are done, I will explain why this diet produces arthritis and the best way to prevent arthritis due to faulty diets.

I request that the tests shall be made for the benefit of the public as soon as possible, the sooner the better.

In a few years there should be no more new cases of arthritis due to faulty diets, because the tests will show how they can be prevented and the information given to the public by the press must be made with men.

A prison is the best place for making these tests. Many prisoners will be glad to volunteer for the tests if their sentences are shortened. There is no danger in making these tests with men, because arthritis produced by a faulty diet can be easily cured in its first stage. The tests will prove that most cases of arthritis are due to faulty diets and that they can be prevented. I have many faulty diets which can produce arthritis. My discovery is based on the chemistry of foods.

THESE WOMEN!

By d'Alessio

Gregory d'Alessio

And get that "highly amused smile" off your face!

If a heavy load slid from their shoulders, when Cordell Hull's flash came over the air!

What a pity that others did not join the U.S. in 1931 in its desire to stop Japan in Manchuria; if they had done so, the world might have been saved much of the untold misery it has gone and is going through since then. Let us hope that Japan shall heed this timely warning!

G. H. STAVERMAN, Langford Lake, B.C.

CAUSE AND CURE OF ARTHRITIS

To the Editor:—Here is a dietary formula which produces atrophic arthritis in healthy adults within three months. The tests must be made with men.

A prison is the best place for making these tests. Many prisoners will be glad to volunteer for the tests if their sentences are shortened. There is no danger in making these tests with men, because arthritis produced by a faulty diet can be easily cured in its first stage. The tests will prove that most cases of arthritis are due to faulty diets and that they can be prevented. I have many faulty diets which can produce arthritis. My discovery is based on the chemistry of foods.

The following diet is very restricted in order to produce arthritis sooner, and it must be rigidly enforced. The men must be kept incommunicado during the tests. The rations are the same every day:

Breakfast—Eight ounces stale whole wheat bread and two ounces plain cheese.

Lunch—Eight ounces stale whole wheat bread and two ounces peanut butter.

Supper—The same as breakfast.

At each meal give each man three ounces water. No drinking between meals. Only nine ounces water per 24 hours, no other liquids.

This diet has about 2,400 calories a day. If more food is required give more bread. If less food is required, give less peanut butter or none.

If the men are thirsty give chewing gum. If constipated, give castor oil. The men must not have access to any other foods or liquids. For washing and bathing give to each man a wet, soapy towel. No flushing toilet or urinal.

Besides atrophic arthritis, this diet produces uremia and acidosis. The tests must be watched carefully. Blood, urine and feces should be analyzed every day. The P.H. of the blood is more important than the pulse and temperature.

After these tests are started, I will send a diet formula for cur-

ing the atrophic arthritis produced by the above diet.

After these tests are finished I will send a dietary formula which produces hypertrophic arthritis in healthy adults.

When all these tests are done, I will explain why this diet produces arthritis and the best way to prevent arthritis due to faulty diets.

I request that the tests shall be made for the benefit of the public as soon as possible, the sooner the better.

In a few years there should be no more new cases of arthritis due to faulty diets, because the tests will show how they can be prevented and the information given to the public by the press must be made with men.

A prison is the best place for making these tests. Many prisoners will be glad to volunteer for the tests if their sentences are shortened. LOOK OUT FOR YOUR LIVER

It may be the cause of your troubles. Buck it up the right way, with Fruit-A-Tives. Feel grand.

Your liver is the largest organ in your body and most important to your health. It pours out bile to digest food, gets rid of waste, stores energy, allows the proper nourishment to reach your blood. When your liver gets out of order food decomposes in your intestines. You become constipated, stomach and kidneys can't work properly. You feel "rotten"—headache, backache, dizziness, dragged out all the time.

Relieve yourself of these miseries, as thousands have—with Fruit-A-Tives, for 35 years Canada's largest selling liver remedy. Fruit-A-Tives stimulate your liver, bring prompt relief—make you feel like a new person. Get Fruit-A-Tives at your druggist's today, 25c, 50c.

Weddings

SPAVEN-GRAHAM

At St. John's Church Saturday evening at 8, Rev. Canon F. A. P. Chadwick united in marriage Evelyn Joyce, daughter of the late Mr. and Mrs. Albert Graham, Cobble Hill, and Gunner Walter Wright Spaven, R.C.A., second son of Mr. and Mrs. William Spaven, Pandora Avenue, Mr. G. Jennings Burnett was at the organ, and as the register was being signed, Mrs. J. Mason sang "I Love You Truly."

The bride, who was given away by her brother-in-law, Private John Harrison, R.C.A.C., wore a grey afternoon frock with blue accessories and a corsage bouquet of white carnations and lily of the valley. Her only ornament was an antique silver pendant set with a mother of pearl and moonstones, the gift of the bridegroom's mother. Her sister, Miss Dolly Graham, was bridesmaid in a powder blue frock with white accessories and a corsage bouquet of pink carnations and violets, and the best man was Mr. E. R. Kreisch, R.C.C.F. Mr. Frank Spurr, R.C.N., and Signaller Jack Halifax, R.C.C.S., were ushers.

A reception for relatives and intimate friends was held in Terry's private dining room, where the guests were received by the bridegroom's mother in a navy blue georgette ensemble with a matching hat, assisted by the bride's sister, Mrs. H. E. Munroe, in Queen's blue. They both wore corsage sprays of pink carnations and violets. The supper table was centred with the wedding cake standing between silver baskets and snapdragons and lighted white tapers in silver candelabra.

CRUIKSHANKS-PATERSON

Miss Agnes Leslie Paterson, R.N., formerly of the nursing staff of the West Coast Hospital, Port Alberni, and recently on the nursing staff of Ocean Falls Hospital, was married on Saturday afternoon to Mr. George Alexander Cruikshanks, M.P., for Fraser Valley, Rev. George Pringle performed the ceremony at the United Church Manse, 3894 37th Avenue, Vancouver.

The bride, who was gowning in a marine blue suit, with matching hat and shoulder spray of white gardenias, was unattended.

After the ceremony, Mr. and Mrs. Cruikshanks left for Ottawa, where they will be in residence during the session of the Legislature. On the conclusion of the session, they will take up permanent residence at Clayburn, where the bridegroom has held the position of Reeve of Matsqui municipality for a decade. The bride is the daughter of the late Mr. and Mrs. Thomas Paterson, pioneer residents of Alberni for more than 30 years.

Jubilee Alumnae Reunion Gay Party

With 100 in attendance, the annual reunion dinner of the Jubilee Hospital Alumnae Association on Saturday evening at the Oak Bay Beach Hotel was a most enjoyable and successful affair from start to finish.

The Alumnae president, Mrs. J. H. Russell, was in the chair, and with her at the head table were the following special guests: Mrs. W. H. Bullock-Webster, first graduate of Jubilee Hospital; Miss Lena Mitchell and Miss G. Curry, Miss Margaret Dickson, Mrs. J. Mullard, Miss Edna Rossiter, Miss Barbara Player, Mrs. Robert Van Horne, Mrs. W. Tucker and Miss Florence Ferguson. Also the presidents of the 1940 graduating classes, Miss Muriel Edna Kipp, Kamloops, and Miss Ida E. Mackie, Prongas, Sask., and the winner of the R. S. Day and Patricia Day Memorial Scholarship, Miss Bertha Maher.

The head table was arranged with tulips and novel place cards, in the form of miniature umbrellas fashioned from frilled paper cups and jelly candy. The program included an amusing skit titled "The Walter," the parts in which were spiritedly played by Mrs. Robert Van Horne as the waiter, Miss Mackie as the chorus lady, and Miss Edna Rossiter as the policeman; a clever quiz arranged by Miss Margaret Dickson, with Miss Rossiter as interlocutor, and won by Miss Elizabeth Brand; and the conventional toasts, "The King," the pianoforte accompaniment for which was played by Miss Edith Hood, and "Our Alma Mater," proposed by Mrs. G. Miller and responded to by Miss Lena Mitchell.

Engagements

SKITH-KER

Mr. and Mrs. R. Gordon Ker, 1015 Chamberlain Street, announce the engagement of their only daughter, Constance Jean, to Mr. Herbert A. Skith of Vancouver, second son of the late Mr. and Mrs. H. J. H. Skith of Lethbridge, Alberta. The wedding will take place quietly early in June.

HOFFMEISTER-LOWE

Mr. and Mrs. Ralph Lowe, formerly of Bamberton, V.I., and now residing in England, announce the engagement of their daughter, Margaret, to Mr. Martin Hoffmeister, son of Mrs. S. M. Hoffmeister and the late Mr. Hoffmeister, Richmond Road, Victoria. The marriage will take place here shortly.

ST. JOHN'S A.Y.P.A.

At a recent meeting of St. John's A.Y.P.A. final arrangements were made for the Empire Fair to be held on Wednesday in St. John's Auditorium. Decorations were made for the various stalls which will include candy, home cooking, teas and lemonade, flowers, games and fortune telling. Very Rev. Dean Spencer Elliott will open the fair at 8 p.m. The proceeds are in aid of St. John's Church.

CLOVERDALE RED CROSS

A bridge and 500 party will be held in St. Mark's Church hall at 8 Wednesday evening. There will be prizes and refreshments.

Mr. and Mrs. H. H. Faulkner of Tientsin, China, after visiting for several weeks with Mrs. Faulkner's mother, Mrs. H. Howard, Foul Bay Road, have left to spend a month visiting in Boston and in New York. They were accompanied as far as Calgary by Mrs. Faulkner's brother and sister, Lieut. Larry Howard of Victoria and Mrs. Warren Morse of Port Angeles, who will spend several weeks in Alberta before returning to the coast.

A birthday party was held at the home of Mrs. J. W. Cornille, Signal Hill, on Saturday in honor of her daughter, who was five years old. The little guests played games, various prizes being awarded. The tea table was centred with the birthday cake, with vases of sweet peas and carnations on either side. The guests were: Mrs. F. Campbell, Donna, Barbara and Kenny; Mrs. A. Pankhurst, Marie, Frankie and Jimmy; Mrs. G. Woodford, Patsy, Betty and Bobby; Mrs. C. Twaites, Pat and Arthur; Mrs. Summers, "Buddy" Godson, Patrick, Sheila and Claudette Cornille.

There's a good reason for Viennese actress Vilma Kurer's smile. The "Bathtub Girl," as she was called after playing that role in Vienna from the Broadway hit, "The Woman," was faced with alternative of marrying a U.S. citizen or being deported to Germany, from which she had fled. Recent she announced her engagement to Michael Joffe Lewis of New York.

SOMETHING NEW!
DADS 18 for 10¢
Butter Krisp cookies

Dr. and Mrs. H. E. Chatham, 61 Gorge Road, announce the engagement of their elder daughter, Jeanne Elizabeth Maude, to Mr. Robert Charles Foster, Copper Mountain, second son of Mr. and Mrs. William Foster, Edmonton. The wedding will take place quietly on May 25 at First United Church. Miss Chatham and Mr. Foster are both graduates of the University of Alberta, she being a member of Pi Beta Phi Fraternity, and he is affiliated with Phi Kappa Pi.

MISS JEANNE CHATHAM

Social and Personal

His Honor the Lieutenant-Governor and Mrs. Hamber returned to Government House this morning after spending the last few days in Vancouver.

Mr. and Mrs. Alan Richardson arrived from Shanghai this morning on a visit to their son and daughter-in-law, Dr. and Mrs. R. Richardson, Albany Road.

Mrs. Guy Rothwell of Vancouver, who is visiting here as the guest of Lady Barnard at "Clovelly," will return home tomorrow afternoon.

Mrs. Norman (Rocky) Brooks, accompanied by her three children, will leave for Vancouver tomorrow night, from where she will sail for Sydney, Australia, to join her husband.

Mr. and Mrs. D. R. Mackenzie of Shanghai, China, accompanied by their little daughters, Elizabeth and Maureen, arrived this morning from the Orient and expect to make their home here.

Miss Winnifred Sutton of Edmonton is the guest for two weeks of her sister and brother-in-law, Sub-Lieutenant and Mrs. Rodney Pike, Hampshire Road. Mrs. Pike's brother, Mr. Robert Sutton, returned to Vancouver last night after spending the week-end in Victoria.

Miss Peggy Mulliner, who is to be married next month to Mr. Ralph Freethy, was the guest of honor when her girl friends of the staples department at the Hudson's Bay store entertained at Terry's private dining room recently with a shower. The bride-elect, on her arrival, received a lovely corsage bouquet of white carnations and lily of the valley, and later was presented with many dainty gifts of china.

Mr. and Mrs. H. H. Faulkner of Tientsin, China, after visiting for several weeks with Mrs. Faulkner's mother, Mrs. H. Howard, Foul Bay Road, have left to spend a month visiting in Boston and in New York. They were accompanied as far as Calgary by Mrs. Faulkner's brother and sister, Lieut. Larry Howard of Victoria and Mrs. Warren Morse of Port Angeles, who will spend several weeks in Alberta before returning to the coast.

A birthday party was held at the home of Mrs. J. W. Cornille, Signal Hill, on Saturday in honor of her daughter, who was five years old. The little guests played games, various prizes being awarded. The tea table was centred with the birthday cake, with vases of sweet peas and carnations on either side. The guests were: Mrs. F. Campbell, Donna, Barbara and Kenny; Mrs. A. Pankhurst, Marie, Frankie and Jimmy; Mrs. G. Woodford, Patsy, Betty and Bobby; Mrs. C. Twaites, Pat and Arthur; Mrs. Summers, "Buddy" Godson, Patrick, Sheila and Claudette Cornille.

Yesterday afternoon at 3 at the home of Mr. and Mrs. J. Donald, 1524 Elford Street, Rev. James Hood officiated at a double christening, when the infant son of Mr. and Mrs. J. Watson Jr. of James Island, grandson of Mr. and Mrs. Donald of Elford Street, and Mr. and Mrs. J. Watson Sr. of James Island, received in baptism the names, John Donald, while the infant daughter of Mr. and Mrs. W. Meredith of James Island, granddaughter of Mr. and Mrs. Watson Sr. and Mrs. James Ford, all of James Island, was christened June Lorraine. Following the christening service tea was served by Mrs. Donald. Of interest was the hand-embroidered robe worn by the Watson baby, an heirloom in the maternal grandparents' family.

'Old Girls' Relive School Days

Schooldays were lived again by members of St. Margaret's Old Girls' Association when they held their annual reunion on Saturday at the school, old girls coming from Vancouver, Seattle, Port Angeles, and Portland, as well as from up-island points, for the happy gathering.

Mrs. E. H. W. Elkington, the retiring president, and Miss Pearce, headmistress, extended a cordial welcome to the members, who numbered nearly 70, at the luncheon, served at tables gaily centred with red tulips and white lilac, the school colors. Mrs. Elkington presided and proposed the toast to The King. The toast to the matriculation class was proposed by Miss Felicity Grant, and responded to by Joan Fisher, on behalf of the class. Miss Ruth Jones proposed a toast to Miss Barton. On behalf of the old girls, Mrs. Merston thanked Mrs. Elkington for her splendid work and interest during her term as president.

OFFICERS ELECTED

At the annual meeting which followed, Mrs. William C. Merston was elected president; Miss Felicity Grant, first vice-president; Miss Brenda Stonham, second vice-president; Miss Frances Price, secretary-treasurer; Miss Janet Pitchford, assistant secretary-treasurer; social committee, Mrs. A. K. Love, Mrs. Elkington, Mrs. Arthur Laundry, Mrs. Arthur Ross, Miss Rosemary Williams, Miss Angela Nutler and Miss Helen Cornwall.

Miss Frances Price, the secretary, read an account of the activities of the past year and of the funds in the general and scholarship accounts. It was the unanimous wish of the meeting that the scholarship be known henceforth as the Margaret Barton Scholarship. Mrs. Elkington read a letter from Miss Barton, who is in England. A lovely corsage bouquet of red roses and lily of the valley was presented to Miss Pearce by members of the association.

Later, the members were entertained in the school gymnasium with a performance of the comedy, "Petro the Toreador," by members of the school's dramatic society, after which tea was served in the common room.

Mother's Day Tea at Mrs. A. McDermott's

In celebration of Mother's Day, the Junior W.A. to St. Joseph's Hospital will hold a mother and daughter tea next Sunday afternoon from 3.30 till 6 at the home of Mrs. Alex. McDermott, "Grace Manor," Cadboro Bay Road, the Uplands. Those presiding during the tea hour will be Mrs. Reed Paige Clark, Mrs. Frank J. Sehl, Mrs. Ernest Eve, Mrs. E. A. Colbert, Mrs. A. R. Windau and Mrs. R. T. Freeman. Miss Ruth Nelson will play several piano selections. Tickets may be had from any member of the auxiliary or at the door on Sunday.

The monthly meeting of the Women's Co-operative Guild of the Co-operative Consumers' Society, was held on Friday evening at the home of Mrs. Cooley, Superior Street, with a good attendance of members. There was a general discussion of the affairs of the society, and the secretary was asked to prepare a report of the guilds' work for the quarterly meeting to be held at the Y.W.C.A. on May 15. The executive was congratulated on the success of the last card party, at which Mrs. S. F. Newell and Mr. W. J. Dunn were top scorers. The next court whist party will be held on Saturday next, at 301 Union Building at 8 p.m.

(Turn to Page 7, Col. 1)

A picture just received on this continent showing Mlle. Louise Thuliez, centre, with Mme. De Laoutre, left, and Mme. Pierre Borel. Mlle. Thuliez was sentenced to death by the Germans with Nurse Edith Cavell, during the first world war, but was reprieved, given a prison sentence, and then returned to France after the armistice. Now she is president of the "Foyers de L'Avant," a group of women canteen workers who are now assigned to western front posts. This picture was made before the group left Paris.

Bishop Cody Attends Sacred Heart Tea

Pontifical Benediction was given yesterday afternoon at the Sacred Heart Church, Rt. Rev. J. C. Cody, Bishop of Victoria, officiating, assisted by Monsignor A. G. Baker and Rev. Father T. Monahan and J. A. Gaudette. The Bishop spoke impressively about the love of the Sacred Heart.

Later in the afternoon a delightful silver tea was held in the Lake Hill Community Hall under the convenship of Mrs. V. Kennedy of the Altar Society. Mrs. W. B. Stockwood, president, received the Bishop and guests. Mrs. J. O'Connell and Mrs. Hutchinson were in charge of arrangements of the Bishop's table. Mesdames W. J. Davis and A. Webb were in charge of refreshments. Mrs. F. Kyle looked after the serving and Mrs. J. Hourigan took up the silver collection.

The hall was prettily decorated in the Papal colors of yellow and white, spring flowers, yellow tulips and white lilac being on the tables. The Bishop spoke a few words, concluding with the announcement that a garden party would be held on July 11 at the home of Mrs. Webb, Glanford Avenue.

FESTIVAL CLOSES

Victoria's 1940 Spring Garden Festival came to a gala close Saturday night when many visitors and a large number of Victorians gathered in the Princess Louise salon at the Empress Hotel to see pictures of local gardens and flowers.

Douglas S. Scott showed the movies, in magnificent natural color, and everyone was delighted with them. W. H. Warren, city parks superintendent, described the various flowers and gardens. Alderman D. D. McTavish, secretary of the Victoria Horticultural Society, presided.

Clubwomen's News

St. Alban's Ladies' Guild will meet on Tuesday at 2.30.

The monthly meeting of the Women's Auxiliary of the Imperial Comrades will be held tonight at 8 at 717 Courtney Street.

The C.C.F. Women's Auxiliary will meet on Tuesday afternoon at the home of Mrs. Kenneth McAllister, 2919 Richmond Street, at 2.30.

On Friday evening next, at 8.15, in St. Mark's Parish Hall, a set of pictures of Palestine and Jerusalem will be shown by Mrs. Gray, wife of Dr. T. W. A. Gray, medical missionary in Palestine in 1928-29.

The annual membership tea of the Victoria Subdivision of the Catholic Women's League will be held at the home of Mrs. Hitchcock, 613 Superior Street, on Wednesday, May 15, from 3 to 5 p.m.

The sum of \$40.10 was realized by the Junior Auxiliary to the Protestant Orphanage as a result of its rummage sale held Saturday. The money will go towards more furnishings in the home and for clothing for the children.

St. Mark's W.A. held a birthday party on Friday evening in the parish hall, which was decorated with branches of white lilac and baskets of tulips and narcissi. Mrs. C. Porter was convener of decorations. A treasure trove competition was held, with community singing and games, under the guidance of Mrs. G. T. Hughes, Messrs. A. Cullen, Mr. P. E. George. A decorated birthday cake was donated by Mrs. Newman and won by Mrs. P. E. George and Edna Fielder. Mr. W. Bridges collected the tickets and Mrs. F. Harris and Mrs. W. A. Shaw were in charge of the refreshments. The program closed with dancing.

The monthly meeting of Sir James Douglas P.T.A. will be held on Tuesday at 8 p.m. in the auditorium, and will be followed by the annual meeting and election of officers. The installation of officers will be conducted by the Rev. Norman Cress. On Monday, May 13, at 2.30 p.m., the adolescent study group, under the leadership of Mrs. W. H. Yardley, will meet at the home of Mrs. Harold Elworthy, 914 St. Charles Street. The lesson will be "Training Children to Be Truthful," conducted by Mrs. J. Ross. May 15 is the date which has been selected for the annual spring tea, and final arrangements will be made after the annual meeting.

The Burnside Parent-Teacher Association met Wednesday evening, with T. Smith as chairman. Several visitors were welcomed. F. G. Mulliner, school trustee, addressed the meeting briefly. Mrs. Thomas Smith read extracts from a paper entitled "Family Relations." The annual bazaar and tea will be held at the school on May 16, under the convener-ship of Mrs. A. Corry. Following the business meeting a social was held, during which J. S. Doe, on behalf of the association, presented a purse and umbrella to Mrs. William White, who, with her family, is leaving to reside in Vancouver. Solos were sung by Mrs. J. Beveridge, accompanied by Mrs. E. M. Gallop. Mrs. R. A. Stevenson and committee served refreshments.

Camosun Chapter I.O.D.E. met at headquarters on Friday afternoon at 2.30, with the regent, Mrs. A. E. Hopkins, in the chair. The members stood in silent sympathy to the memory of Mrs. J. C. Barnacle, a former regent and life member of the chapter. Mrs. Frank Stead, provincial president, was appointed the chapter's delegate to National meeting to be held in St. John, N.B. Mrs. Dale Johnson and Miss Allonby were welcomed as new members. The bridge tea planned for May 9 has been canceled. The rummage sale will take place on May 18 with the convener, Mrs. A. Mainprize, in charge. Thanks were tendered Mrs. C. Drummond-Hay for her kindness in lending her home for a sewing and knitting meeting on April 12. Mrs. J. M. Newcomb, war work convener, stated that 10 pairs of socks, three pairs wristlets and two scarfs had been turned in, and \$50 was voted for the purchase of wool. Members were urged to save fat for soap-making and old leather gloves for windbreakers. Donations of magazines and books are still requested. The tea hostesses were Miss I. Bannerman and Mesdames Thompson, Kirby, Sanders and Wriglesworth.

Want More Women Doctors in Canada

Interest in the work of the Victoria Housewives' League was shown by the large attendance at the fortnightly meeting held on Friday at 301 Union Building. Reports were given by the membership and research committees and Mrs. L. E. Clark, Mrs. H. Bowden, Mrs. M. Phillips and Mrs. Fyffe Wilson were added to the latter to help with the work on increases of prices of food, clothing and other commodities.

Members were asked to use the league's monthly paper, the B.C. Consumer, more widely in the campaign to combat undue rises in cost of living.

Mrs. Rayment gave an interesting synopsis of the address on "Canada's Health," given by the Hon. Geo. Hoadley at the last meeting of the Local Council of Women. During the discussion it was urged that more women doctors and midwives should be trained in Canada, as it had been proved that success in lowering the infant and maternal death rates had followed their employment in other countries. It was decided to ask the Vancouver league to press for the implementation of the public health legislation already on the statute books of the province.

MECCA OINTMENT

Mrs. E. Parsons, accompanied by her sister, Mrs. S. Wagg, and niece, Miss Shirley Wagg, of Ganges Harbor, have been spending the week-end here, and will return home tomorrow.

Mr. and Mrs. Harry C. Briggs of Vancouver returned home yesterday afternoon. Mr. Briggs has been in Victoria for some time, and Mrs. Briggs has been the guest of Capt. and Mrs. W. Bell, Foul Bay Road, for the last week.

Mr. and Mrs. Joseph Hayward, 410 Dupplin Road, were entertained on Tuesday evening by a large party of relatives and friends at the home, next door, of their son, on the happy occasion of the 50th wedding anniversary. The house was beautifully decorated with flowers. Mr. Jack Hayward, representing the family, presented his parents with a handsome trillight standard lamp, and Mrs. A. Haggart, for the friends, a Kenwood blanket, both giving short congratulatory

speeches. Mr. and Mrs. Hayward were married at Sutton Waldron, Dorsetshire. A cablegram and several cards were sent from relatives in England. Before the serving of refreshments a tastefully decorated wedding cake, made by Miss Dorothy Morson, a friend of the family, was cut by the "bride" of 50 years ago. The evening closed with the assembled company joining hands in a ring 'round Mr. and Mrs. Hayward and the singing of "Auld Lang Syne." The relatives present included Mr. and Mrs. H. Daniels, Lloyd Daniels, Mr. and Mrs. Jack Hayward, Mr. and Mrs. A. Hayward, Gordon Hayward, Mr. and Mrs. H. Hayward, Mrs. D. Deacon, Maureen and Donald Deacon, great grandchildren; Mr. and Mrs. A. Rowles and Clarence Rowles.

Steady Growth Marks Career

Years of steady growth and expansion since 1932 is the history of Macdonald Electric Limited, corner of Douglas and View Streets, one of the city's best-known and most popular electrical firms, which this week observes its ninth anniversary.

Known originally as Jameson Electric, the firm had a modest beginning in a small store on Broughton Street, with the present managing proprietor, George E. Macdonald, as manager.

The dark years of the depression period proved no insuperable barrier to the progressiveness of the firm, and steadily-expanding business soon prompted a move to premises on Fort Street. As the public recognized the high standards of quality and service to which the firm adhered, continued growth of business indicated the advisability of another change of location and Jameson Electric took over the store premises formerly occupied by Hawkins & Hayward. The name was changed to Macdonald Electric Limited and Mr. Macdonald assumed control of the business.

Today the premises have been

GEORGE E. MACDONALD

extended to include three floors for the display of electrical merchandise and of chinaware and a separate service department and warehouse on Hillside Avenue have been established.

G-E PRODUCTS

On the main floor of the store is displayed a full line of General Electric models, including Hot-point ranges, Triple Thrift refrigerators, ironers, washers, radios, vacuum cleaners and polishers, together with smaller appliances such as toasters, mixers, curling irons, lamps, percolators, etc. Electric therapeutic equipment, featuring infra-red lamps and sun lamps of all kinds is included in this department, and coal and wood stoves are also displayed.

The firm has just been appointed exclusive distributors for the General Electric commercial refrigeration units, storage vaults for meat markets, refrigerated showcases for store display, fur storage compartments, milk cooling apparatus for use of dairymen, ice cream freezers, etc. With the sale of this equipment goes specialized service, for the firm is in a position to look after the unit after installation with a guarantee of 24-hour service to assure minimum of interruption of refrigeration facilities.

ENGLISH CHINA

In the chinaware department on the second floor is to be found a large selection of genuine English china in dinner sets, tea sets and individual pieces. During the two years in which this department has been in operation, public response has been such as to warrant direct importation of chinaware. Thanks to the convey system for trans-Atlantic shipping, the firm experiences no difficulty in keeping its stock fully replenished.

"While the war has naturally forced costs to a slightly higher level, yet our plan of payments has more than offset this and our chinaware department is hard put to meet the consistent public demand," Mr. Macdonald said today in reference to prevailing conditions.

The "Bargain Basement" constitutes another department of the store just instituted. Here are displayed special values in all lines, including reconditioned radios, washers, refrigerators and electrical appliances of all types. "From day to day these special values will be constantly changed and the public is cordially invited to visit the Bargain Basement at any time.

Normally, a new-born baby has enough iron in its body to last about six months.

A STAFF OF EXPERTS—The constantly-expanding business of Macdonald Electric Limited has resulted in the assembling of a notably large staff of experts in things electrical.

METROPOLITAN Y.P.S.

A short business period was held at the start of the meeting, with Kenneth Priestly, president, in the chair. Reports were given by Tom Griffith on the Youth Council and Len Cannon on leadership training classes. Contributions were received for a piano to be installed at the Salvation Army canteen. It was announced that plans were being made to have a cookie stall at Spencer's, the proceeds of which would be used to provide supplies for soldiers in hospital.

The members gathered around an imitation campfire to hear Mrs. T. Hammond's talk on negro spirituals and join in the singing of several songs. Mabel McCartney led a short worship service. Summer camp, held each year for members of young peoples' societies at Ocean Park, was described by Len Cannon. Singing games were greatly enjoyed, under the direction of Mrs. Hammond. The evening closed with Taps.

May 7 will be the closing night for this term. The meeting will be a combined scavenger hunt and box social. A prize will be given to the girl bringing the best decorated container.

Sumatra in the Netherlands Indies expects to have a new waterpower station, using water from the Asahan River.

H. C. DARROCH—Manager of the appliance division for the Canadian General Electric Company in Vancouver, who today sent the following congratulatory message to Macdonald Electric Limited:

"The history of the Macdonald Electric Limited should prove a source of encouragement and inspiration to all young business men. Beginning under adverse conditions at a time when other firms were restricting their activities, the initiative and policy of

George Macdonald carried the firm steadily toward success, so that today it is one of the outstanding electrical appliance stores in Canada.

"A policy of selling only the best merchandise, combined with a genuine desire to be of service to customers, has contributed to the popularity of the Macdonald Electric Limited.

C.N.R. REVENUE UP

MONTREAL (CP)—Increase of \$1,413,378 was reported yesterday by the Canadian National Railways in gross revenues of \$3,620,850 for the nine-day period ended April 30, compared with \$4,207,472 for the corresponding period in 1939.

DIVIDENDS

Canadian Wineries Ltd., 25 cents per share, payable May 28 to shareholders of record May 15.

Triple Thrift Models Popular

Remarkable new innovations and improvements, offered for the first time in any line, feature the new 1940 Triple Thrift General Electric refrigerators now on display at Macdonald Electric Limited, corner of Douglas and View Streets.

Noted for their outstanding efficiency and their handsome styling, the new refrigerators thoroughly merit the "Made-in-Canada" label because of their high Canadian labor and material content.

Gleaming white Glyptal gives the new models a hard, durable, lustrous finish. Glyptal is easily washed and its durability enables the original beauty of the refrigerator to be retained.

The new models are equipped with the General Electric pioneered hermetically-sealed unit, all-steel cabinet, piano-type door hinges, stainless steel evaporator, natural condenser and finger-tip latch action.

NEW FEATURES

The G-E Stor-A-Dor has been improved by the use of a new perforated mesh, while the Thriftometer, as before, appears in the Stor-A-Dor rack in all but one of the de-luxe models which are again equipped with a refrigerated shelf as well as a removable shelf in the stainless "Super-Freezer". New this year and featured on all models, is the Tel-A-Frost Indicator, which tells at a glance when defrosting is necessary. A new illuminated control is also found on all de-luxe G-E refrigerators. Once again the Moonstone Glass Cold Storage container is built into some models and provides a spot for the storage of fresh meats at the right temperature and humidity. This cold storage container is very flexible and can be used in different positions for other uses, such as chilling of sherbet glasses, bottled beverage chilling, storage of extra ice cubes, etc.

This year sliding shelves are curved in front, and slide easily in and out for convenient food storage. Interior illumination is provided by a lamp mounted in a protected position behind the

evaporator where it does not take up valuable food storage space.

SELECTIVE

Selective air conditions are a feature of the Triple-Thrift line, separate zones of cold are provided for the absolute protection of all varieties of foodstuffs. The "super-freezing" zone makes

ice cubes and frozen desserts with previously unequalled speed, and provides storage for the new frozen foods. The "cold storage zone" keeps meat, fish and game in proper condition by providing proper humidity as well as the right temperature. A "cold beverage zone" is designed specially to maintain the temperature that is exactly right for milk, cream, ice water, ginger ale or other beverages. For general food storage the "food protection zone" provides constant safeguarding below the 50-degree danger point. In the modern "fruit and vegetable zone," with its adjustment to provide various humidities, even the tenderest and most

perishable foods will maintain their garden freshness for weeks if necessary. The new G-E refrigerators require no attention of any kind during their lifetime—not even oiling. General Electric engineers take great pride in the achievement that has resulted in this long assurance of trouble-free service.

Sea ice loses a good deal of its salt as it ages—the salt migrates from the interior.

A scientific safeguard for the purity and freshness of foods is the result of possession of one of the fine new G-E refrigerators pictured above, on display in the showrooms of Macdonald Electric Limited.

\$1,350 Pledged To 'Y' in Week

A meeting of captains and majors of the Y.M.C.A. war services campaign for funds in Victoria which officially closed last Monday, reported Friday evening that \$1,350 had been received in pledges during the week making the total \$11,800.

The result was regarded as good even though the objective

for the city drive was set at \$20,000. Arrangements have been made for a cleaning-up of the drive. Late pledges will be received at the Y.M.C.A. offices. Frank Paulding, general secretary of the association and campaign organizer, announced that the nation-wide campaign for \$1,038,000 had reached \$833,698, which was more than 80 per cent of the objective. Several large cities, including Vancouver, had not yet held their campaigns, Mr. Paulding said.

FLUORESCENT

TRUE... PRACTICAL... DAYLIGHT LIGHTING

Edison MAZDA Fluorescent Lamps are revolutionary new light sources. They are tubes of glass which give off richly-glowing light of true daylight quality from their entire surface. They have no filament! Light is produced through the agency of invisible radiation acting upon fluorescent powders with which the inside of the bulb is coated. The new Fluorescent Daylight Lamp offers the opportunity for the first time, of obtaining daylight-quality at high levels of illumination, efficiency at reasonable cost and no discomfort from heat. Ask your G-E dealer to demonstrate.

A New View of
ELECTRIC SERVICE

Have you ever attempted to measure in actual value to you your expenses of any one month?

For example, have you compared the amount you spend for gasoline, candy, theatres, cigarettes, cosmetics and other mild forms of pleasurable indulgence, with the amount you pay for ELECTRIC SERVICE?

Have you ever considered how electricity banishes the labor of household tasks—cooks meals perfectly and effortlessly, provides radio entertainment, protects and preserves food in the refrigerator, operates the washer, cleaner, toaster, etc., preserves precious eyesight, and that all these services are at your beck and call, day and night, at a cost computed in pennies?

When you actually make such comparisons, you'll agree that "electricity undoubtedly is the biggest bargain in the home."

What other monthly item of expense returns so much in useful service, pleasure and comfort for such a modest expenditure?

While other items in the family cost of living have shown a steady increase during recent years, the cost of electricity has shown a steady decrease.

Whether you use a large or an average amount of electricity, your electric service bill represents the utmost in value for the money.

Electric Store Stresses Service

Expert Work Policy of Firm

"Our unvarying policy of adhering to the highest standards of quality in all departments of activity is probably the major factor in the progress of Macdonald Electric Limited," George E. Macdonald, managing director of the firm, told the Times this morning.

"Nowhere is the success of our policy of adherence to quality more marked than in the service department," Mr. Macdonald declared.

With headquarters in the main store, at the corner of Douglas and View Streets, the service department workshop is located

a few doors away, on View Street.

Electrical contracting, wiring of all kinds and installations of electrical equipment of any type are carried out by the service department.

This phase of the activities of the firm has been experiencing a great impetus from the present rush in home-building in Victoria, and the department is now working at full capacity. Recently the contract for the wiring of the new St. Joseph's Hospital annex was awarded Macdonald Electric Limited.

SERVICE

The servicing of electrical equipment, repairs to refrigerators, ranges and radios, regardless of make or model, is carried out in the home or in the shop. Roasters, lamps and similar small appliances receive expert attention if in need of repairs and a special feature is made of service to both domestic and commercial refrigeration units, with 24-hour service guaranteed.

A highly-qualified expert with many years of experience, Bert Abbott is manager of the electrical service department. He has installed power plants in many parts of the prairie provinces and also handles such intricate work as the installation of the complicated signal systems. His staff comprises factory-trained electricians, each a specialist in his line.

P. E. Watts heads the radio repair department which is operated separately from the service department.

Macdonald Electric Limited has just opened a new department for the rewinding of electric motors.

REFUNDING LOAN TURNED OVER

HALIFAX (CP)—A refunding loan of \$3,184.00, at 3½ per cent for 11 years was turned over by the Nova Scotia government to a syndicate of banks yesterday, according to an announcement by Premier Angus L. Macdonald. Their tender of 96.57 was the best received.

The world's longest floating bridge, under construction across Lake Washington, near Seattle, will be a mile and a quarter pontoon span.

Steady growth of the business of Macdonald Electric Limited has necessitated expansion of the premises to include three floors for the display of electrical appliances and chinaware.

Two New Hotpoint Ranges on Display

Two new 1940 Hotpoint models, offering something radically different in low-model oven ranges specially designed for the small home with limited kitchen space, have been added to the present outstanding line of the General Electric Company.

The two new models are equipped with the famous Calrod surface units and incorporate all the features of convenience and economy of the full-size ranges, despite their very compact dimensions. Such large ovens have never before been offered in such small ranges. Far larger than those found in full-size ranges, these automatically-controlled ovens combine with Hi-speed Calrod surface elements to provide full family cooking capacity.

Inconel Calrod, the finest type of element known to science, comprises the element used on the surfaces and in the ovens of both new models. From "high" to "simmer," each surface element provides five separate heating temperatures and the original Hotpoint three-year warranty covers all these features.

HIGH SPEED

In the top of the automatic oven is a 2,000-watt Inconel high-speed element, and, in the bottom, is another element of 1,500 watts.

Automatic temperature control is conveniently located on the switch panel, and the pilot light is in the lower front panel.

A swinging-type oven door which locks itself when shut; two oven shelves, one flat and one reversible; and a smokeless broiler, with vitreous enamel pan, are among other features of the two new models. White porcelain enamel furnishes a handsome cabinet exterior and the body and base are of all-steel construction.

Both these new models, the Apartment and the Studio, can be operated on 25 or 60-cycle current.

Traffic lines, painted by machine in three narrow white stripes, instead of a wide stripe, are reported to give better visibility and save 25 per cent in paint.

Submarine in 1620

The submarine is regarded as a modern invention; but the first one was built in England in 1620. It was a wooden shell, covered with leather and navigated by 12 rowers.

Good Business

Twenty-five thousand persons are employed in pantomime work annually in England. Dressmaking, scene-painting and other jobs connected with pantomimes employ another 20,000 persons.

Congratulations to

MACDONALD

MACDONALD

1121 DOUGLAS ELECTRIC LTD. CORNER VIEW

The ninth anniversary of Macdonald Electric Limited, pictured above, is marked by the announcement that the popular firm has been appointed G-E distributors and dealers for G-E commercial refrigerators.

Named Agents for Commercial Units

Marking another step forward in the progress of the firm, Macdonald Electric Limited has been appointed both dealers and distributors for the world-famous General Electric commercial refrigerators. It was announced this morning.

Electric refrigeration is best known as a popular feature of the up-to-date kitchen. It likewise plays a tremendously important role in the commercial field, offering a safeguard for both stock and customers in such businesses as meat markets, florists, dairies; wherever, indeed, perishable goods are handled. From the refrigerated showcase of the butcher store to giant storage plant installations, the General Electric Company has developed equipment to fill every need. "Reach-in" and "walk-in" coolers, self-defrosting, conditioned air blower coils, fitted coils, ice makers, display cases and all other types of equipment pertaining to commercial refrigeration are now available with the well-known G-E trade mark.

FOR DAIRYING

Dairying is one of the industries that places important reliance upon the effectiveness of electrical refrigeration, which pro-

tracts the period during which milk can be kept sweet and wholesome. Both the individual farmer and the centralized dairy are increasingly appreciative of electric refrigeration under modern conditions.

Florists rely upon electric refrigeration to preserve the freshness and beauty of cut flowers. Florists, too, turn to electric refrigeration for the safeguarding of precious furs in dangerous hot weather.

There is a General Electric commercial refrigeration unit for every need. Scientific laboratory research has eliminated guesswork entirely from the construction of every piece of equipment. A great many years of General Electric engineering experience is at the disposal of every business today.

Macdonald Electric Limited are in a position to offer prospective purchasers of commercial refrigeration units a completely adequate service. General Electric factory-trained specialists will not only advise them as to the equipment best suited to their needs but also provide expert craftsmanship in installation work, thus guaranteeing a minimum of interruption of service.

C. A. Cornwall, 1539 Elford Street, is an uncle of Lieut.-Commander Hugh Alan Barclay, second son of the late George Barclay, Ashcroft, B.C., who recently lost his life when the mine sweeper Dunoon was sunk by a mine. Lieut.-Commander Barclay was in command of the Dunoon. He was a grandson of the late Hon. C. F. Cornwall, governor of British Columbia in the early 80's. Paul Cornwall, Vancouver, is a nephew.

Appliances Aid To Housewife

"Dishpan hands, broken nails and housework fatigue—formerly the lot of most housewives—are rapidly being replaced by new health, new grace and new freedom since electrical appliances have 'taken over' in the home," declares Gordon Harris, manager of the Appliance Division of Canadian General Electric Company Limited.

"Only 30 years ago," he continued, "there were very few electrical appliances in use in the whole of Canada—and for a number of very good reasons. To begin with, they cost a lot of money. The upkeep cost was very high. And people didn't think they needed them. The comparatively few homes that were wired for electricity usually had only a single drop cord in the centre of each room."

"Of course, the whole situation has changed since then. People have been educated in the science of enjoying life. They appreciate the saved hour, or the conserved strength that electrical appliances make possible. Properly wired houses have made it practical for almost every home owner to make use of one or more of our modern electrical helpers. And when 30 years ago only a few people had had experience with electricity in any form, I think it is safe to say that now, with electrical service being extended to the most isolated rural areas,

almost every person in our Dominion has benefited from electrical energy in some way at some time in his life."

STILL BIG MARKET

Mr. Harris emphasized the fact that none of the major electric appliances has reached the theoretical "saturation point" in Canada. "For example," he stated, "electrical refrigerators have been widely sold, but are still not owned by a tremendous proportion of the people who are potential customers. It's the same with vacuum cleaners, electric ranges, dishwashers, garbage disposal units and other electrical appliances for the home.

"With the general public as aware as it is to the ever-increasing advantages to be had from electricity," concluded Mr. Harris, "it is almost certain that the future of the electrical industry in Canada will be a bright one in spite of any temporary problems that may arise to harass it. In fact, sales of electrical appliances are increasing all the time, and may be expected to accelerate in the next few years, rather than decline."

ing advantages to be had from electricity," concluded Mr. Harris, "it is almost certain that the future of the electrical industry in Canada will be a bright one in spite of any temporary problems that may arise to harass it. British Cabinet Faces Showdown

Churchill to Stand By Chamberlain

LONDON (CP)—The demand for more vigorous prosecution of the war increased today in advance of Prime Minister Chamberlain's statement in the House of Commons tomorrow explaining the Allied withdrawal from central Norway.

Press and opposition speakers clamored for government changes; but the well-informed Yorkshire Post predicted that "so far as can be seen at present, Mr. Chamberlain will carry the day."

"He will owe much to the fact Mr. Churchill is standing firmly with him, the paper said. It added that no actual vote is expected in the Commons but that if one should be called "the government would treat it as a vote of confidence."

TOO MANY ATTEND
Informed sources reported ministerial changes are in the offing. The Times of London said "the conclusion everywhere has been that there is abundant room for improvement" and declared "the war cabinet is still too large and its meetings attended by too many experts and advisers."

"That Labor will be found in the ranks of the government before the war is over is as certain as anything can possible be. It may be so, as some of them are saying already, that the time has not yet come for so radical a change, but time waits for no man in such a struggle as that to which we have to set our hand. The setback in Norway is happily not a national disaster, but it is a warning and an opportunity."

"The Norwegian Foreign Minister (Halvdan Koht) and Defense Minister, Col. (Birger) Ljunberg, will now be able to talk over the present situation fully with the British government and arrange with them the general line of future collaboration," continued the Times. The Germans will now presumably try to overrun northern Norway. They can and must be stopped, just as Wellington, with forces far smaller than those opposed to him, stopped Massena from overrunning Portugal in the early stages of the Peninsular campaign.

"With seasoned British and French troops is now assembled a contingent of the Norwegian regular army and all may be trusted to give an extremely good account of themselves. There are now in London a number of Norwegian naval and military officers whose advice on terrain and tactics would be invaluable and will no doubt be enlisted."

SOME OVERWORKED
The more important ministers, such as Winston Churchill, First Lord of the Admiralty, are being overworked, the Times said, adding that the brunt of the attack was falling on Mr. Chamberlain whose "weakness has always been his devotion to colleagues who are either failures or need a rest."

The Manchester Guardian said that by comparison with Germany's "assiduous care" in prosecuting the war "our easy nonchalant methods look like a nursery game of hide-and-seek."

Praising British bravery under fire, the Guardian declared that "unhappily more than courage is needed in this sophisticated and mechanized world."

"All that courage may be wasted if the nation's policy is ill-directed, imperfectly considered, inspired by small minds, and guided by day-to-day reckoning," it said. "What is needed is a government that can organize the nation's strength, touch its imagination, command its spirit, of self-sacrifice, impose burdens

fearedly on all classes, put the war ahead of everything else, and look ahead with cool, deliberate courage. Nobody can pretend the government answers to these needs."

SPEED NEEDED

The London Daily Mail said: "The enemy within is not merely the so-called fifth column of Nazi agents, pacifists and Communists. The dangerous complacency of 'muddle through' minds, flabby traditionalism of the old school tie brigade, the slothful satisfaction of those who say Germany will crack under the strain—these are the forces that are really undermining our war effort."

"The only sure way to defeat the enemy is to face him with a real war directory, alert to take instant decisions, to organize strokes and counter-strokes, and to accelerate every supply of men and material."

DEMAND FOR INFORMATION

The London Daily Telegraph said: "It is clear the government now owes a duty to a bewildered but tolerant public to give the fullest possible explanation of the circumstances which have led to the present pass in Norway."

"One thing it does understand clearly is that the failure of the expedition to central Norway was due primarily to the enemy's local superiority in the air."

"It understands further that this superiority is due entirely to the enemy's initial capture of all the available air bases by treachery and subterfuge. But what, then, was the reason for the optimistic speeches by various members of the government during the earlier stages of the campaign?"

"It may well be the government have a complete answer to all these and similar questions."

THE WEATHER

VICTORIA, 5 a.m. today—A deep depression is slowly approaching Queen Charlotte Islands from westward while pressure remains high over British Columbia. Mild weather has been general throughout this province, but scattered showers have occurred in southern districts, and also in Alberta and Manitoba.

Victoria—Barometer, 30.25; temperature, max. 61, min. 46; wind, 10 miles W.; fair. Vancouver—Barometer, 30.23; temperature, max. 60, min. 45; wind, 10 miles E.; cloudy.

INTERESTING information on golf conditions and prospects in Australia was given recently in an interview by Jim Ferrier, winner of his native open championship two years running and also the amateur both seasons, now in the United States to study American money players.

Ferrier, 25, and a giant of a man standing six feet four and weighing more than 200 pounds, was turned up to Heeter Thompson, the Scotsman, in the 1936 British Amateur at St. Andrews. He succeeded in coping important amateur events in England that year—the Gold Vase and Silver Tagsey, beating Bobby Tyre Jones' record in both.

He calls the U.S. the university of the Royal and Ancient.

"American professionals are the finest in the world," he testifies. "They have built up concentration. They watch every shot because a single missed putt can cost a championship. They play for higher stakes. To them, golf is a profession."

"To Australians it is still a sport. Australian professionals earn about \$1,500 a year. A professional in Australia collects only 300 pounds even though he wins all purses. It is for this reason I have no intention of turning professional."

"Higher stakes in no small measure accounts for American professionals playing much slower than the Australian. I never require more than two and a half hours for a round."

"Galleries are quite different in Australia. We don't have golf heroes. The more you win the more unpopular you become. On the other hand, our amateur golf is on a high plane. It is rapidly replacing cricket and tennis despite our winning the Davis Cup."

"Sydney, which has a population of 1,500,000, has 72 clubs in its immediate vicinity... 43 private and 29 public courses."

"As many as 500 tee off at one course in a single day. You can belong to the most exclusive club for as little as \$50 a year. And play the year 'round, for our climate is similar to that of Los Angeles."

"Amateur tournaments are something we have more of. I've been here six weeks and haven't found one."

Ferrier, who hasn't been above 75 in Australia in five years, finds American courses much the same as those at home.

Ferrier's grandfather and father were plus two golfers. He was taught by his father, John B., who went to school with Macdonald Smith and Stewart Maiden at Carnoustie, Scotland, where the family had the famous Ferrier Arms, a hotel that belonged to the family for 80 years and once was used as the Carnoustie clubhouse.

An interesting chap, big Jim Ferrier.

He talks, writes and plays a good game of golf.

Victoria Club in Cricket Victory

In exhibition cricket at the University School grounds Saturday, the Victoria Club, with 105 runs declared, beat a team from the school which ran up 45 runs for nine wickets.

Grogan led the winners in scoring with 27 runs. He was bowled by Williams. Pudney scored 18 runs not out and Moore ran up 14. Moore was caught out and bowled by Young.

When the school team came to bat their main trouble was Victoria Club's bowler, Macdonald, who took five wickets for three runs. Leslie was high scorer with 10 runs not out. Boak scored eight runs before being caught by Gillespie on Macdonald's bowling.

Williams, for University School, took five wickets for 46 runs.

NANAIMO WINS SOCCER

NANAIMO (CP) — Nanaimo North End captured the Con Jones soccer trophy which represents supremacy of the juvenile Division 1 championship of British Columbia with a 3 to 2 victory over Vancouver Pro-Recs at the Central Sports Grounds Saturday.

United Victors Over West Squad

Experts on local soccer who have been dropping choice tit-bits into the old dope bucket all season to the effect that Victoria United, local entry in Pacific Coast League company, could be conquered locally on the field of round-ball warfare were left on the defensive after Saturday's game at Athletic Park.

There the best Victoria had to offer in the way of a senior, club, the strong Victoria West aggregation, tried their hardest to heap the dopsters out. But it was no go. After 90 minutes of warring the scoreboard had a 3 to 1 count in favor of Dr. Arthur Poyntz' Victoria United.

This was a Province Cup meeting, and during the first half the courageously-fighting Greenshirts from the west side of town played such brilliant ball that for a time they looked like a winner. But after the score had been tied at 1 to 1 for some time and the second half was 15 minutes old, the United rallied together all their football strategy and for the rest of the game outplayed the Wests handsomely and blasted in a couple of goals to boot to change the picture entirely.

ESQUIMALT CITY IN REPLAY — Uniteds will meet the winners of the Victoria City Esquimalt game in the island final of this series. The City Esquimalt game is a replay of an earlier game between them, in which the Dockers emerged victor. City's manager, Charles Lewis, protested the game on the grounds Esquimalt used unsigned players. City won the protest. Esquimalt was fined and a replay was ordered. It may be played next Sunday.

In first-half play Saturday, Wests had a decided edge. They shot more times at the goal and their shooting was more dangerous. But at the half the scoreboard showed the teams even on goals, 1 to 1. Ralph Cosier opening the scoring for United in the early minutes and Roy Ockell tallying on a beautiful long drive later for Wests to knot the count.

With front-line general, Gordy Bell, who, due to an injured knee, will be out of action for some time, absent from the attacking line, and the line being generally disorganized as a result of players being switched from their usual positions, Victoria United forays were quite ineffective in first-half play. But by the third-way mark in the last half it finally swung into its stride and from then on play was mostly in favor of the Uniteds.

Victoria United forward line read, right to left, Hope, Cosier, Worwick, Morgan and Reside.

After prolonged attack Victoria United took a 2 to 1 lead after 15 minutes of the second session, the ball finally being passed wing to wing and then to Jimmy Worswick at centre, whose drive for the goal was true. Later the score read 3 to 1, when Alan Ross took Worswick's rebound to best Restell, who pulled off some splendid saves in late play.

J.B.A.A. EIGHT BEATS VANCOUVER

VANCOUVER (CP) — Powerful eight-oared crews from the University of Washington Saturday made a clean sweep of the feature "big boat" event at the spring regatta of the Vancouver Rowing Club, which signalled the opening of the oarsmen's season on Coal Harbor.

University of Washington's No. 1 crew of lightweight defeated their teammates—University of Washington crew No. 2—by a length, with Victoria and Vancouver boats trailing well behind.

The main flight of the race was between Vancouver's eight crew and the James Bay Athletic Association of Victoria. The Victoria crew kicked up their heat in a spurt finish to beat out the Vancouver boat by inches.

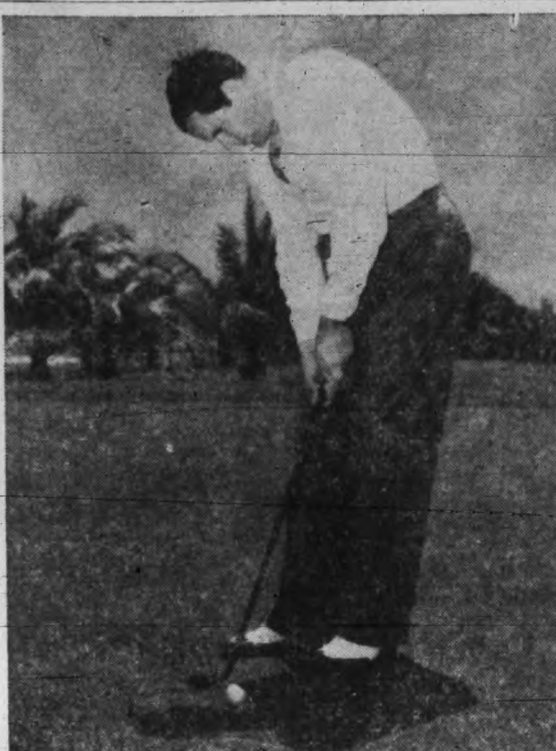

The weatherman lent a sprinkling of rain for the occasion and the water was choppy down the Henley course of one mile 550 yards. The time of the winning Washington crew was 6.45 flat.

The remainder of the opening regatta was filled out with local exhibition races.

WILD LIFE MOVIES

A joint meeting between the Victoria Fish and Game Protective Association and Spencer's Sports and Social Club will be held tomorrow night at 8 in the Chamber of Commerce Auditorium. Several reels of wild life movies will be shown.

The third annual meeting of the Victoria Junior Fish and Game Protective Association will be held this evening at 8 in room M of the Y.M.C.A. Any boys from the ages of 15 to 20 years are invited to attend.

WILL PLAY WITH REVOLTA — Officials of the Colwood Golf Club announced today at noon that Ralph Guldahl, above, will have Johnny Revolta, high-ranking professional from Chicago, for his partner tomorrow in the 18-hole exhibition match against Joe Pryke, Colwood pro, and Ted Colgate, leading local amateur. Revolta is flying to the coast to replace Sammy Sneed who was forced to return to the east on the sudden death of his mother. Revolta will arrive here on the 12.30 plane from Vancouver. The match at Colwood will start at 2.

Preakness Saturday

Still Like Bimmie

LOUISVILLE, Ky. (AP) — Though the legend of Bimelech's invincibility was punctured by his defeat in the Kentucky Derby, the handsome colt from Idle Hour Farm almost certainly will be the favorite again in next Saturday's running of the Preakness at Pimlico.

It will require more than one licking, in other words, to convince most of the horse players that Bimelech is not the best of an unimpressive lot of three-year-olds. Not that the underrated Gallahadion didn't take Bim's measure fairly and squarely in the Derby Saturday, but just that the Bradley colt still is the solid choice on his record of eight firsts and one second.

Gallahadion's winning time of 2:05—more than three seconds off the Churchill Downs track record for the mile and a quarter—made it all too obvious that there were no equine immortals in Saturday's gathering.

IS REAL HORSE

Still, Bimelech proved himself a real good horse by the fact that he was able to move into the lead as they entered the stretch, and his supporters always will feel he could have done with a little better riding in the final furlong, when Gallahadion went streaking past on the rail.

Freddie Smith let the favorite bear far out on the track and probably lost close to the 1 1/2 lengths by which Gallahadion led him at the wire.

Arnold Hanger's Dit was third and Charles S. Howard's Midland fourth, while the rest of the field of eight—Charles T. Fisher's Sirocco, piloted by Johnny Longden, of Taber, Alta.; Joseph E. Widner's Roman, Harold S. Clark's Royal Man and William L. Brann's Pictor, with George Woolf of Cardston, Alta., in the saddle, trailed in that order.

Col. Matt J. Winn, president of Churchill Downs race track, estimated the crowd at 95,000, which he said was the largest ever to witness a horse race in the United States.

Second longest priced winner in the history of the 1 1/4-mile classic that dates back to 1875, Gallahadion paid \$72.40 for \$2 in the mutuels. The second high price was set by Donerail, when he won in 1913 to pay \$184.90.

Radials Blanked By St. Andrews

VANCOUVER (CP) — Radials' chance of winning the Pacific Coast Soccer League championship was completely destroyed by St. Andrews, who handed the Dominion champions a 5 to 0 beating at Con Jones Park Saturday.

John McIntosh netted two markers for the Scots, while George Stephen, John Craig and Andrew McClatchey accounted for the other three.

The league championship is now between Victoria United, who have one game left to play, and North Shore, who hold a slight ad-

Yankees Defeated Again, Look Like Ordinary Club

Hon. John Hart Scores a Dodo

Victoria Golf Club players, ably led by their president, Hon. John Hart, who scored a hole in one on the 14th hole, defeated visiting club-swingers from the Seattle Club, 3 1/2 to 12 1/2, in the first half of their annual inter-city match at Oak Bay on Saturday.

Hart's feat, the feature of the day, was secured against Caspar Clark. The latter partnered with professional Bill Zonker against Hart and Phil Taylor. The Victorians won both the fourball match and the singles.

Second half of the match will be played in Seattle on June 1.

Singles — Bill Zonker 0, Phil Taylor 1; Caspar Clark 0, Hon. John Hart 1; Paul Pigott 0, Alan Taylor 1; Thornton Magee 1, Walter Newcombe 0; Charles Adams 0, J. Harold Wilson 1; Howard Frame 0, W. H. Newcombe 1; L. Calvert 0, W. P. Bowden 1; H. F. Hepburn 0, W. Munro 1; G. Shannon 1/2, J. D. D. Campbell 1/2; T. Torrence 0, W. M. M. Haldane 1; L. H. Ives 0, Stan Haynes 1; W. Pigott 1, R. Peachey 0; E. L. Mann 0, Hew Paterson 1; Dr. Otis Lamson 1/2, W. A. R. Hadley 1/2; L. Milburn 0, J. W. Ruggles 1; Gilbert Black 0, R. C. Field 1; Walter Ward 1/2, C. W. Pangman 1/2; E. D. Todd 0, W. B. Leach 1; J. Hausman 1, R. F. Castle 0; L. S. V. York 1, W. S. Campbell 0; L. Patullo 0, C. H. Rutherford 1; W. Merston 1, C. Stanier 0.

Fourballs

Bill Zonker and Caspar Clark 0, Phil Taylor and Hon. John Hart 2; Paul Pigott and Thornton Magee 0, Alan Taylor and Walter Newcombe 2; Charles Adams and Howard Frame 0, J. Harold Wilson and W. H. Newcombe 2; L. Calvert and H. F. Hepburn 0, W. P. Bowden and W. Munro 2; G. Shannon and T. Torrence 0, J. D. D. Campbell and W. H. M. Haldane 2; L. H. Ives and W. Pigott 2, Stan Haynes and R. Peachey 0; E. L. Mann and Dr. Otis Lamson 2, Hew Paterson and W. A. R. Hadley 0; L. Milburn and Gilbert Black 0, J. W. Ruggles and R. C. Field 2; Walter Ward and E. D. Todd 0, C. W. Pangman and W. B. Leach 2; J. Hausman and L. S. V. York 2, R. F. Castle and W. S. Campbell 0; L. G. Patullo and W. Merston 0, C. H. Rutherford and C. Stanier 2.

Bill Dale Scores Smart Track Win

PULLMAN, Wash. (CP) — A couple of Canadian athletes played a major role in Washington State's 73 to 58 victory over University of Oregon, in a weather-plagued track meet here Saturday.

Highlight of the afternoon was the record-equaling low hurdle cruise by Lee Orr, Washington State student from Vancouver, B.C., in the 220-yard low hurdles. Aided by a slight, chill breeze, Orr romped over the sticks in 23.2 seconds to tie the Northern Division Pacific Coast Conference mark.

Bill Dale, Washington State student, who hails from Victoria, won the 880-yard run. Dale and Captain Kirman Storli of Oregon staged a hot duel in the half-mile, with Dale fighting off Storli's challenge in the stretch to win by five yards in 1:54.8.

Orr also captured the 440-yard dash in 48.8 seconds.

Break up the Yankees! There was a time when that chant was as familiar as "take me out to the ball game" and the folks wondered how many players the world champions could give up without being weakened.

A popular pastime was speculating as to whether Bill Dickey or Joe DiMaggio or someone else was the key performer in the New York club's cast.

Young Joseph will have to be regarded in absentia as the player most vital to the Yankee cause.

They were beaten again yesterday by Detroit Tigers 6 to 4 in a game they seldom if ever would have lost last year.

Three times New York loaded the bases and only on one of these occasions did they score—an ineffectual run in the ninth. Thirteen runners were left stranded. In the last nine games, of which the Yanks have lost six, they have left 69 men on bases.

The slugging Yanks haven't a (Turn to Page 14, Col. 1)

Reach Semis Uplands Golf

Vic. Painter, G. M. Lindsay, Eric Wright and W. W. McDiarmid reached the semifinals of the men's championship at the Uplands Golf Club yesterday.

In the semis over 36 holes Sunday, Painter will meet Lindsay and Wright will oppose McDiarmid.

Results yesterday follow:

CHAMPIONSHIP

Third Round—Vic. Painter won from W. Allen, 4 and 3; G. M. Lindsay, J. A. Likely, 4 and 3; Eric Wright, H. O. English, 4 and 3; W. W. McDiarmid, W. Court, 1 up.

First Flight

Second Round—Eric Hibberd won from J. W. Holyoak, 7 and 5; G. Moore, A. G. McKeechie, 7 and 5; G. Moore, A. G. McKeechie, 3 and 2; Trenholm Dickson won by default; Ken Lawson, A. V. Pettitt, 6 and 4.

Second Flight

Second Round—J. H. Sledge won by default; Fred Hobson won from Alex McGown, 2 and 1; S. Jones, W. Lovell, at the 19th; Fred Smith, S. C. Trelease, 2 up; Cyril Penzer, J. McNeill, 2 up; James Davidson, F. W. Heath, at the 19th; Art Chapman, T. G. Harris, 4 and 3; J. R. Davies, R. M. Knight, 1 up.

Third Flight

First Round—J. R. Hibberd won from Joe Barlow, 2 and 1; J. F. Dawson, F. Lewin, 1 up; A. C. Lindsay, W. Barker, 1 up; F. L. Leslie, R. A. Phillips, at the 19th; J. Campbell, C. A. Bovey, 4 and 3; W. S. Smith, A. McCabe, 2 up; J. Stone, H. E. English, 4 and 2; E. Badminton, C. S. Brown, 2 and 1.

Fourth Flight

Semifinal—W. R. Menzies won from A. L. MacKenzie, 2 up; Hugh McKenzie, S. Porter, 2 up.

YANKEES DEFEATED AGAIN, LOOK LIKE ORDINARY CLUB

(Continued from Page 13)

single batter anywhere near the 300 mark and Frankie Crosetti, for instance, got his first hit yesterday in 17 times at bat.

The plight of the champions might be worse if there was one strong team in the American League capable of taking full advantage of their misfortune. But Boston Red Sox and Cleveland Indians are battling each other to a standstill.

Bob Feller came up with one of his better pitching shows yesterday to beat the Sox 6 to 1. He allowed seven hits, struck out eight and yielded only one base on balls. Ken Keltner gave noble aid, including a three-run homer, a single and a double. This boosted the tribe back into the league lead.

Chicago White Sox, a first-class club last year and a tail-enders so far this term, just managed to edge out Philadelphia Athletics 6 to 5 and St. Louis Browns came from behind in the late innings to top Washington Senators 7 to 3.

Brooklyn Dodgers took up where they left off before the rains came by trimming St. Louis Cardinals 9 to 6 in a wild game in which 39 players, a record total, took part. The Dodgers were out-hit, but not out-numbered, using 22 players, and succeeded in producing two four-run rallies that carried the day.

Two errors by first baseman Norman Young and catcher Harry Danning of the Giants helped Cincinnati Reds to a 3 to 2 decision over New York and Bucky Walters to his fourth victory without defeat.

The Phillies put down a four-run ninth-inning uprising by Chicago Cubs to win 7 to 5 and Boston Bees finally scored another triumph—their third—by a 5 to 1 margin over the faltering Pittsburgh Pirates.

COAST LEAGUE

With a new paid attendance record set at San Francisco yesterday, Pacific Coast League baseball teams traveled to new battlefields today. Although the Seals are next to last in the circuit, 20,000 fans turned out to see them split a twin bill with their Bay area rivals, the Oakland A's.

San Francisco won the first 7 to 2 but Oakland came back to take the second, 5 to 4.

In the northwest, Portland won the first game from Seattle 5 to 1, and was trailing 4 to 0 in the second when it was rained out after three innings.

San Diego regained the top spot in the league with 5 to 4 and

11 to 6 victories over Sacramento yesterday.

CARLEY INJURED IN POLO FIXTURE

(Continued from Page 13)

fourth goal in the dying minutes of the fifth chucker after close play. Jerry Aitken, who turned in one of the finest performances of the afternoon, scored Willows' second and final goal at the start of the fifth chucker. Capt. Rabbit made it 5 to 2 later in the period, on an approach shot by Edgelow.

G. Tyson refereed. G. T. Maurice was timekeeper and scorer.

Teams follow:
Willows Park—Don Carley, Art Dawe, Jerry Aitken, Jack Boorman, 1, D. L. Macdonell.
Reds—Geoff Edgelow, Jack Rawnsley, 1, Gordon Harris, 1, Lou Moriarty, 1, Capt. H. R. Rabbit, 2.

Bowlers Name P.N.W. Leaders
TACOMA (AP)—Members of the Northwestern International Bowling Congress took sufficient time off from competition in their 28th annual tournament here Saturday to elect L. L. Francis of Spokane president of the organization and to award the 1941 tournament to the Portland Alleys, Portland, Ore.

F. S. Metzger of Portland was named vice-president and Garret H. Hudson of Seattle, "grand old man" of the tourney, was elected to his 19th consecutive term as secretary-treasurer.

Metzger was replaced on the executive committee by Wally Giles of Portland.

Two new leaders were installed as the assembled keggers rounded the stretch turn and "headed for home," preparatory to the tournament finale. Lou Bock and Mickey Powers, Yakima, 1,237, rolled into first place in the open doubles, while J. C. Toomey and E. W. Irwin, Oakland, 1,223, climbed into third place.

The other new leader was Clarence Nordstrom of Portland, who gained the top rung of the open alleys ladder with a total of 1,824.

Reliance Trailers of Oakland, 2,951, had captured the open five-man championship when team competition ended.

It's the Water, Tacoma, 2,749; De Lorme's Tavern, Yakima, 2,693; and Washington Hardware, Tacoma, 2,664, finished one-two-three in the commercial five-man division, while Tacoma Towel Supply, having set a new record of 2,683; Herman's Plumbers, Seaside, Ore., 2,632; and Winthrop Hotel No. 1, Tacoma, 2,567, finished in that order in the booster team bracket.

Victoria's scores follow:
Open doubles—Angus Begg 901, Malcolm McDermott 851, Porter Hawkins 332, Howell-Riddell 885, Leatham-Ferguson 1,098.
Open singles—J. Angus 485, R. Begg 505, I. Malcolm 512, W. McDermott 435, A. Porter 550, A. Hawkins 497, J. Howell 513, A. Riddell 543, J. Leatham 508, J. D. Ferguson 477.

Thug Wounds Woman

VANCOUVER (CP)—Mrs. A. Simpson today nursed two severe head wounds suffered at the week-end when she was attacked on a downtown street by an unidentified man.

She told police the man fled after knocking her down and striking her twice with a blunt instrument. He did not take her purse or parcels.

When the Cats Are Away—

21-Hole Match In Gorge Play

Contenders for the Gorge Vale Golf Club's men's championship battled through two rounds yesterday. Clyde Banfield, medalist, scored a double win, defeating C. Hulke 5 and 4 in the morning and putting out Leo Derman, after a hard match in the afternoon, 1 up.

Toughest match of the first round saw Freddy Painter eliminate Mike Ott at the 21st hole. In his second-round match Painter eliminated G. E. Davies 1 up.

Complete results follow:

CHAMPIONSHIP

First Round—C. E. Banfield beat C. Hulke 5 and 4; Leo Derman beat H. Williams 4 and 3; G. Pettier beat F. Elliott 1 up; G. Walton beat J. Caddell 1 up; M. S. Lawson beat D. W. Spence 3 and 2; W. E. Cook beat J. J. Kennedy 6 and 5; G. H. Cross beat R. T. Brindle 4 and 3; H. S. Morgan beat Les Colton 4 and 2; E. Barber beat W. Marshall 1 up; F. Clarkson beat H. Shepherd 1 up; F. Painter beat Mike Ott at 21st; G. E. Davies beat R. Peden 1 up; J. W. Sangster beat F. L. Basanta 2 and 1; H. Price beat G. Cartwright 2 and 1; A. J. Maynard beat W. Andrews 1 up.

Second Round—C. E. Banfield beat Leo Derman 1 up; G. Pettier beat G. Walton 4 and 2; M. S. Lawson beat W. E. Cook 6 and 5; G. H. Cross beat H. S. Morgan 4 and 3; E. Barber beat F. Clarkson 1 up; F. Painter beat G. E. Davies 1 up; J. W. Sangster beat F. L. Basanta 1 up; H. Price beat A. J. Maynard by default.

First Flight—C. Hulke beat H. Williams 2 up; J. Caddell beat F. Elliott 1 up; D. W. Spence beat J. J. Kennedy 5 and 4; Les Colton beat R. T. Brindle 1 up; H. Shepherd beat W. Marshall 4 and 2; Mike Ott beat R. Peden 4 and 3; F. Moore beat O. H. Dorman by default; G. Cartwright beat W. Andrews 4 and 2.

Second Flight—H. Mann beat D. R. Hurdle 1 up; A. E. McCannell beat D. G. Sutherland 1 up; J. G. Ritchie beat J. Bennett 3 and 2; G. Robertson beat C. N. High 2 up; D. W. Morry beat J. Dobbie 3 and 2; L. Greenwood beat W. Frampton 3 and 1; E. Brachar beat G. Gunniss 3 and 2; S. Spaven beat Dr. D. M. Baillie by default.

Third Flight—G. H. Bevan beat J. Okell 2 and 1; J. G. Thomson beat J. W. Phillips 3 and 1; T. Bradbury beat I. Donaldson 5 and 4; W. Jaffray beat C. F. Banfield 2 up; R. Turner beat Syd. Jenkins 2 up; H. Hewitt beat J. Corkle 4 and 3; R. A. F. Miller beat W. A. Johnston by default; A. Atkinson beat A. B. Thompson 4 and 2.

Fourth Flight—W. Edwards beat A. O. Cooke 4 and 2; R. Proctor beat M. H. Barry 3 and 2; J. Robertson beat A. Clarke 2 up; G. Goy beat H. Ward 2 and 1; M. Johnston beat S. B. Slinger by default; C. Keown beat T. Galloway 4 and 3; J. Walton beat H. Philbrook at 19th; F. Garrison beat H. D. Mainwaring 1 up.

Fifth Flight—E. Peden beat J. Dangerfield 5 and 4; J. Davies

Boys' Club to Hold Show Wednesday

A mixed boxing and wrestling show will be presented at the Victoria Boys' Athletic and Hobby Club rooms on Cook Street Wednesday night when an "open house" will be held. Matchmaker Louis Callan will have Jack Patterson, B.C. heavyweight boxing champion, and Frank Mylrea in the top spot on the card. They will go four rounds. First bout starts at 8.15. A collection will be taken.

Dr. R. Felton, City Medical Officer, has organized the medical services. Three doctors have volunteered for duty at the Jubilee Hospital, and three at St. Joseph's. Five headquarter dressing stations, and five mobile field ambulances have been organized, stretcher bearers and first aid equipment have been provided. The police, fire, schools, St. John Ambulance Brigade, Red Cross and Boy Scouts Associations are also organized to assist.

Warning of impending attack will be given by the military authorities to the chief constable.

Pigeon Racing

The Victoria and District Racing Pigeon Club will hold a meeting at the clubrooms, 845 Pandora Avenue, tonight at 8 to discuss arrangements for the Centralia race of 126 miles, also the results of the Tacoma race, held yesterday.

Young People Give Three-act Comedy

A large audience enthusiastically received the second performance by the Young People's Society of the Church of Our Lord, Free Church of England, of the three-act comedy, "Safety First," at the Criddle Memorial Hall Friday evening.

The performance was given in aid of the Queen Alexandra Solarium W.A., a group of women who do the sewing of the clothes for the youngsters at the health restoring institution.

The young people gave their first performance earlier in the week in aid of the charity fund of the Native Sons of Canada, Victoria Assembly No. 1.

The play was directed by F. M. Shandley, who, during an intermission, spoke of the work of the Solarium W.A.

Scenery and lighting effects under the direction of the stage manager, Rod Clark, were clever.

The play had many amusing incidents, which were carried out well by the players. Margaret Chinn, who took the feminine lead, gave a fine performance in the dramatic parts during humorous incidents, Connie Linder and Les Wheelton received praise for their Irish brogue.

Other performers were Reginald Atwell, Frank Dunn, Jack Davey, Irma Dakers, Rod Dunn, Phyllis Mugford and Gladys Goodman.

The prompter was Peggy Murray and assistants were Hugh Lyle and Clifford Joyce.

Bible 'Blackout'

SAINT JOHN, N.B. (CP)—A man who had heard a radio report about Egypt's "first" blackout last night called a newspaper office.

"Look up Exodus, chapter 10, verse 22," he said.

"And Moses stretched forth his hand toward heaven; and there was a thick darkness in all the land of Egypt three days."

Going Overseas

—Photo by Victoria Studio.

Lieut. R. C. W. Hooper, R.C.A., above, who was born in Victoria and attended local schools, has just been appointed adjutant to Col. R. E. G. Róome, O.C. of the 5th Field Regiment of the Second Division, C.A.S.F. He is the son of Capt. and Mrs. C. W. W. Hooper, 3336 Doncaster Drive.

Capt. Hooper served with the Royal Canadian Ordnance Corps for many years before his retirement.

Lieut. Hooper went to Halifax with his father when he was transferred from Victoria in 1920. He joined the Bloomfield High School cadets and became company commander. On leaving school he joined the 1st (Halifax) Coast Brigade, 53rd Battery, obtaining the rank of lance sergeant. He then entered the Royal Military College, Kingston, Ont., and on graduation was commissioned in the Royal Canadian Horse Artillery. From this unit he was recommended to take the staff course of 1936-37 in England in gunnery, returning to Kingston R.C.A. School. On arrival at Halifax, he became the permanent force adjutant to the 1st (Halifax) Coast Brigade from April 1, 1939, to the end of October, 1939, when he was detailed for duty at Sydney. He is now back in Halifax to take over his post.

200 Arrested in Hungary

BUDAPEST (AP)—A huge spy and propaganda organization, said to have been working both for France and Russia in former Czechoslovak regions annexed by Hungary, was smashed by Hungarian authorities last week, it was disclosed today.

Almost 200 persons were arrested at Kassa, Ungvar and Munkacs.

The German gestapo furnished Hungary with information leading to the arrests, it was claimed. One of those arrested proved to be a German secret police agent who wormed his way into the conspiracy to betray it.

Land Has Moved

Much of northern Germany once was Scandinavian soil. Great glaciers, originating in Norway, pushed southward across the North Sea and covered Germany with soil torn down from Scandinavian mountains.

No two snow crystals exactly alike were ever seen by W. A. Bentley, who photographed 4,000.

Demonstration of War Emergency

The organization set up to deal with air raid precautions in the Victoria metropolitan area, better known as the Civilian Protection Committee, is composed of police, fire, medical, school, and engineering departments of Esquimalt and Saanich, which will co-operate and act as one unit in the event of any emergency arising out of the war.

When the war broke out the defence ministry considered Victoria a vulnerable spot and officials were sent from Ottawa to get the organization in working order. Mayor A. McGavin appointed Captain William Ellis to act as delegate to organize and co-ordinate the various departments, also to enrol and organize a body of volunteers known as wardens, whose duty is to patrol certain areas, report any untoward occurrences such as fires, gas, shell fire and casualties, and generally assist in maintaining coolness and order in their respective areas.

This metropolitan area has been divided into 13 districts, each district being in charge of a district warden who is responsible for the wardens acting under him. There are 360 wardens in the organization.

G. M. Irwin, city engineer, has arranged for 300 men to be available to deal with any damage caused to buildings, waterworks, sewerage works or thoroughfares. Special squads of men, provided with protective rubber clothing, have been trained to carry out decontamination work in the event of a gas attack taking place. The wardens and members of the engineering department can be identified by a metal A.R.P. badge, armband and identity card.

Dr. R. Felton, City Medical Officer, has organized the medical services. Three doctors have volunteered for duty at the Jubilee Hospital, and three at St. Joseph's. Five headquarter dressing stations, and five mobile field ambulances have been organized, stretcher bearers and first aid equipment have been provided. The police, fire, schools, St. John Ambulance Brigade, Red Cross and Boy Scouts Associations are also organized to assist.

Warning of impending attack will be given by the military authorities to the chief constable.

STUDENTS SHOW ACTING ABILITY

An entertaining evening of drama was enjoyed Friday night in auditorium of Victoria West School when the Dramatic Club of the school presented several short plays and sketches before a large audience of parents and friends.

The young students showed surprising talent and gave evidence who will order the alarm signals to be sounded. These are as follows:

Alarm: Five short blasts, each of five seconds duration, having a two second interval between each blast. This signal to be repeated three times with a one minute pause between each series of blasts.

All Clear: Three blasts, each of twenty seconds duration, having a three second interval between each blast. This signal to be repeated three times with a one minute pause between each series of blasts.

All departments of the organization will co-operate at a demonstration to be held at the Willows, May 24, when a mock air raid will take place. Silhouette houses will be erected, an explosion, representing the dropping of a bomb, will take place, the houses will take fire, alarm signals will be given, police, A.R.P. wardens, St. John Ambulance Association, Red Cross, fire brigades and decontamination squads will rush to the scene, tackle fires, casualties, gas and so forth.

This demonstration is being made possible by the generous support of Air Commodore A. E. Godfrey, Commanding Officer Western Air Command, who is arranging for one or more airplanes to take part.

dence of careful and expert direction.

The program opened with a sketch, "At the Railroad Station," by Nora Clarke and Elmer Hodder. The younger children of the school assisted the Dramatic Club in the dramatization of the poem, "The Fairies of Caidon Low." Those taking part were: Daphne Fairall, Eileen Foster, Michael Coleman, Kathleen Stromkins, Erline Mummery, Lillian Bishop, Norah McNeill, Margaret Cliff, Katherine Waters, Nancy Dee, Helena Hunkin, Pat Kerr, Joan Plaxton, Suzanne Hocking, Kathleen Orchin, Audrey Crossman, Gladys Simpson, Jacqueline Ash, Dick Dee and Wilson Grossman.

Other sketches and plays and the actors, included: "The Leak," Freda Veitch and Lawrence Orchin; "The Lost Princess," Ronnie Webster, Frank Jarvis, Dorothy Griffith, Betty White, Albert Deponi, Roy Heatherington, Terry McConnell, Lorraine Field, Elmer Hodder, Lorraine Stickney, Fred Waters, Joyce Foster, Nancy Pearce, Ernest Gardener and Helen Palmer; "Waiting for the Train," Helen Palmer and Lorne Shandley; "Horseplay," Leslie Dennie, James Boughiey, Pete Willis, Lorne Shandley, Bill Hillier, Ernie Gardner, Frank Jarvis, Lawrence Orchin and Albert Denon.

Pete Willis was stage manager and was assisted by George Allan, Ken Appleby, Ian MacDonald and Frank Hamill. Beryl Barker acted as M.C., Nora Clarke was in charge of the costumes and Joy Collins was the pianist. Miss Nancy Ferguson helped in the dancing scenes and H. S. Hurn, principal, was staff adviser.

At the conclusion of the performance the student actors were given refreshments by the lady members of the Parent-Teacher Association. Proceeds were for a moving-picture projector for the school.

"Pop! Don't you think it's time we got an oil-burning range?"

Junior's physical comfort and "Pop's" peace of mind will both be benefited if there's a wonderful new Enterprise Range in the kitchen! Canada's finest range for the convenience, economy and efficiency of oil fuel.

Princess Pats Have New Song

The Princess Pats have a new song. It is too early to tell if it will replace "The Ric-a-Dam-Do" which the original Pats sang along the byways of France as they gained undying fame in the first Great War. However, the current edition of the P.P.C.L.I. has adopted "The Empire March," and changed the words to make them adaptable to the battalion, according to reports from Alder shot.

Corporal L. E. Grant of Winnipeg revised the words of the old march.

Here is the chorus:

So clear the way for the men of the P.C.L.I.
We're stalwart men, stout-hearted men,
And we know we can't go wrong,
We fear no foe as long as we go
In the light for liberty.
We're all for one, one for all,
Marching on to victory.

HELP FOR PRISONERS

A prisoner in the last Great War was almost a forgotten man except to his relatives, close friends and the Red Cross, so a correspondent writes when sending a contribution to Red Cross Headquarters.

"The society always saw that every prisoner of war received food, clothing and medical supplies whilst he was interned. How great a help this was can only be

appreciated when you realize the food supplied to prisoners by the Germans was hardly sufficient to keep a man alive. The little clothing that was supplied by them was mostly of woven paper and when a man was wounded or ill, he recovered more by his own hardihood and his will to live than by any care or treatment given by the Germans.

"I know this condition existed because I was a prisoner there for 3½ years and am quite sure I would not be alive today except for this help given me by the Canadian and British Red Cross Societies. They supplied all Canadian and British prisoners with food, clothing and the medical supplies so necessary to us in our absolute helplessness.

The prisoner-of-war department of the Canadian Red Cross Society is the official agency for the care of all Canadian prisoners in enemy countries, and is financed from the general funds of the society and by contributions specially designated for the support of prisoners.

SAYS FAREWELL TO CHIEF JUSTICE

Following official farewells and good wishes tendered by the bench and bar in Vancouver Friday, close associates of Hon. Archer Martin, retiring Chief Justice of British Columbia, today lent a personal touch to their felicitations as the leading figure in British Columbia's judiciary appeared in his chambers for the last time as Chief Justice.

Led by Mr. Justice Macdonald, senior member of the Court of Appeal under the chief, Appeal Court judges visited the veteran jurist after today's final session of the court. Informally, Mr. Justice Macdonald, Mr. Justice McQuarrie, Mr. Justice Sloan and Mr. Justice O'Halloran extended to the Chief Justice their good wishes, voicing the hope he would continue to enjoy his robust health for the pursuit of those interests most pleasing to him in retirement.

The members of the court spoke of their enjoyable associations with the Chief Justice and congratulated him on the celebration of his 75th birthday.

On the desk at which he has spent so much time in study of legal issues was a bright bowl of narcissi and tulips, a birthday bouquet from his stenographer.

During the morning members of the Court House staff paid him short visits, wishing him good luck in a retirement that promises to be by no means inactive.

Gas Control Like Marketing Act Court Decides

The Coal and Petroleum Products Control Act of British Columbia falls within the same category as the B.C. Natural Products Marketing Act which was held by the judicial committee of the Privy Council in 1938 to be intra vires the provincial Legislature.

This is the sum and substance of the unanimous judgment of the Supreme Court of Canada which in ruling the act valid two weeks ago launched the train of events that led to the gasoline "strike".

Reasons for the judgment, just received here, are being carefully studied by provincial legal officers in the light of the bill which will be presented to the Legislature Wednesday authorizing the government to go into the gasoline business if necessary.

Counsel for the province, Attorney-General Wismer and J. P. Hogg, K.C., had contended that the Shannon vs. Lower Mainland Dairy Board case, which settled the validity of the Marketing Act, was the final and conclusive determination of the question of constitutional law raised in the gasoline case.

Chief Justice Lyman P. Duff, agreeing to this, said: "After a most attentive consideration of the able argument of Mr. Farris (Senator J. W. de B. Farris, K.C., counsel for the oil companies), I think our decision in this appeal is governed by the judgment of the judicial committee in Shannon's case."

Mr. Justice Patrick Kerwin, who gave judgment on behalf of himself and Mr. Justice Thibault Rinfret, pointed out the Shannon case made it within the sovereign powers of the Legislature under the B.N.A. Act to regulate transactions that take place wholly within the province.

He also held there could be no objection in principle to the use of the Macdonald commission report on the petroleum industry as being a recital of what was presented to the mind of the Legislature when it enacted the Petroleum Act as to what was the existing law, the evil to be abated and the suggested remedy.

PROTECTION NOT ILLEGAL

Mr. Justice O. S. Crockett said despite Senator Farris' "ingenious and able argument regarding the integrated character of the oil production, refining and sales industry and the apprehended effect of the impugned legislation upon the profits of the industry as an integrated whole outside the limits of British Columbia, I am unable to discover any substantial or satisfactory reason for holding that the legislation is anything else than its plain purports to be: namely, an enactment constituting a board with power to fix maximum and minimum wholesale and retail prices of all coal and petroleum products sold in the province of B.C. for use in that province. This, in my judgment, the provincial Legislature clearly had the right to do under the exclusive Legislative powers assigned to it by section 92 of the B.N.A. Act."

He said the fact it was suggested the purpose of the act was to protect the coal industry against competition from heavy fuel oil could not alter the character of the legislation as legislation for purely provincial purposes.

"Neither," he continued, "can the fact that the legislation was calculated to compel all international or external corporations desiring and authorized to do business within the limits of the province to alter their methods, and policy regarding the allocation of profits as between the gasoline and fuel oil branches of their so-called integrated industry. If they desire to carry on their business in British Columbia they must comply with provincial laws in common with all provincial and independent dealers in the same commodities."

NO COMPULSION

Mr. Justice H. H. Davis pointed out the act was not a revenue act, nor did it contain compulsion to sell.

He said on the face of it the Legislature dealt solely with the sale within the province of petroleum products. There was nothing in the language of the statute to give its enactments an extra-territorial effect.

Mr. Justice A. B. Hudson held it was legitimate for the Legislature to take into account extra-territorial marketing conditions and sources of supply in making regulations for the conduct of particular business within the province, since the direct purpose of the act was to regulate coal and gasoline sales taking place within the province.

The Credit Granters' Association will meet at Spencer's tomorrow noon. Len Hobbs of the Brackman-Ker Milling Co. Ltd. will speak on "Interesting Features of the Milling Business."

TOWN TOPICS

Members of Associated Radio Technicians of B.C. will meet tonight at 8 in the Arcade Building.

Twentieth Century Young Liberals will meet at Liberal headquarters tomorrow evening at 8. W. T. Straith, M.P.P., will give an illustrated talk on the Orient.

R. W. Mayhew, M.P. elect for Victoria, will address a meeting of the Oak Bay Liberal Association tomorrow evening at 8 in the Oak Bay Theatre Hall. G. N. Mowat, president, will be in the chair. The meeting will be open to the public.

The Victoria Club for the Hard-of-Hearing is offering an opportunity to all lovers of good singing and who can not hear under normal conditions to listen over the club's group-hearing-aid to a vocal treat on Wednesday evening at 8, at the clubrooms, 1416 Douglas Street. Pierre Timp, baritone, with Grace Timp at the piano, will present a group of solos and Elenor Swaine, contralto, will present several numbers.

"The Norway Adventure" will be discussed in a lecture tonight by E. E. Richards in the Campbell Building at 8. The withdrawal in the south and the strategic value of the north will be dealt with. The following questions will be examined: "Did the Norway withdrawal halt Mussolini in the Mediterranean?" "Can Britain be successfully invaded?" "Can Europe be federated for peace?" "What would happen if the war suddenly ceased?"

Last Friday the Sir James Douglas Parent-Teacher Association sponsored a field day for the pupils of the school. The events took place on the football grounds at Brooke and Walcott Streets. A program of 57 events consisting of foot and novelty races was enjoyed. W. H. Wilson, principal of the school, acted as announcer; R. V. James and A. Patterson as starters, and P. Atkinson and Rev. N. J. Crees as judges. H. J. Cunningham operated the public address system. The prizes were donated by the parents, while the P.T.A. supplied ice cream to each pupil.

Maurice Buckley pleaded guilty in the City Police Court this morning to a charge of vagrancy and was sentenced to 15 days' imprisonment. A record of several previous convictions was read against him. Edward Johnson, arrested with Buckley early this morning when both were found sleeping in the E. and N. roundhouse, also pleaded guilty and was sentenced to 15 days.

The magistrate said, however, the commitment would not be made out until tomorrow and this would give him a chance to leave town. Johnson said he had been trying to get work and had a wife and child in Vancouver.

Brigadier Inspects School Cadets

Annual inspection of the University School (170th) Cadet Corps was carried out on the school grounds on Friday. The corps fell in under the command of Cadet-Captain J. Taylor before the general officer commanding M.D. 11 and other staff officers.

After the general salute and the march past, the corps gave a display of ceremonial drill, company movements and platoon drill.

Signaling and first aid detachments gave a display of their particular branches of work; a counter-march was performed and the corps deployed in open order.

Physical exercises and an efficient display on the horse and the bars, under the command of L. A. Cox, was completed by three very striking tableaux. The pipe band of the First Battalion attended the parade and greatly added to the attractions of the afternoon.

After the parades were over Brigadier Stockwell addressed the corps in hollow square and congratulated the boys on their performance and advised them how they might improve their work.

Afternoon tea was served to a large crowd.

Produce Scarce

A shipment of new potatoes expected tomorrow will relieve a shortage.

Asparagus is short on the market. Good weather will be necessary for local growers to continue the supply.

Lettuce imports will cease as the local crop is now supplying the market in quantities. About two days' supply of California lettuce is available.

Higher prices on California bunch carrots are being enforced as the crop is scarce here.

Limited supplies of old potatoes are on sale. The crop is rapidly cleaning up as the new potatoes are coming to the retailers.

Shipments of Okanagan apples and California cantaloupes arrived here this morning.

3 in Hospital After Accidents

Mrs. James Sault, Ruby Road, Saanich, suffered a fractured leg and other injuries; Mr. and Mrs. George Ward, Cobble Hill, suffered minor hurts, and several other persons escaped injury in week-end accidents reported to city, Saanich and Provincial Police.

Mrs. Sault was injured yesterday afternoon while driving with her husband along the Sooke Road and their car was in collision with a truck driven by Sawa Singh. Mrs. Sault was taken to Jubilee Hospital in the C. & C. ambulance and Dr. David Bernman attended her.

Mr. and Mrs. Ward were riding on a motorcycle and sidecar proceeding to the city near the Colwood Golf Club, and were in collision with a car driven by David Meredith, 2378 Cranmore Road, who was passing a parked vehicle. Both were taken to the Jubilee, Mrs. Ward being released soon after receiving first treatment, while Mr. Ward was kept in overnight for observation.

Two Chinese employees at "Benvenuto," the home of Mr. and Mrs. R. P. Butchart, narrowly escaped injury when their truck left Quadra Street and dropped down a 25-foot embankment last night. Jim, the driver of the car, told Saanich police a car crossed in front of him at Quadra and Inverness Streets and in his effort to avoid the machine his truck left the road. Neither was hurt.

Cars driven by Leslie B. Broughton, 1235 Dominion Road, and Mrs. G. A. Genge, 534 Vancouver Street, were damaged when they collided at Bay and Cook Streets yesterday at noon. A city police report said there were no personal injuries.

Ron Kitchener, 456 Mitchell Street, and Stuart H. Harford, 1916 Belmont Avenue, were drivers of cars damaged in an accident last night at McClure and Blanshard Streets.

Judgments Down

The Court of Appeal today dismissed the appeal of Reginald C. Woodcock against a Supreme Court judgment of Mr. Justice Robertson in favor of Geoffrey Roy, allowed in part the First Narrows Bridge Company's appeal against the assessment levied on that section of the bridge lying within Vancouver, and dismissed the appeal of Brown Bros. vs. the Vancouver Ice and Cold Storage Company.

Mr. Justice Sloan dissented in the Roy vs. Woodcock, and the Brown Bros. vs. Vancouver Ice and Cold Storage Company appeals, while Mr. Justice McQuarrie dissented in part in the bridge case.

Woodcock appealed against the decision of Mr. Justice Robertson which awarded Roy \$1,070.50 damages and costs for breach of contract and wrongful ejectment arising from a business disagreement at Sooke. In that judgment Mr. Woodcock was granted \$500 on a counterclaim.

Mr. Justice Macdonald, delivering judgment, stated the court was unanimously of opinion the assessment should stand as it affected the land in the bridge case. In that part the appeal was dismissed.

In regard to the bridge itself, Mr. Justice Macdonald and Mr. Justice Sloan would allow the appeal taken by the bridge company. Mr. Justice McQuarrie dissented on that feature.

The court allowed a motion to transfer the appeal of Roy vs. Joe Vishoff to the Vancouver sitting of the court. Vishoff appeals conviction by Judge W. A. Nisbet at Nelson on a statutory offence.

This morning's session marked the end of the current Victoria sitting.

HOME BUILDERS ACTIVE TODAY

Last week Victoria building activity centred around one major apartment project. Today it focussed again on home construction.

Four permits were issued for four-room dwellings and one for a duplex. Late Saturday another was granted for a five-room structure.

Today George Chesworth received a permit for a \$2,300 house at 543 Burnside Road; E. A. Caldwell one for a \$2,500 dwelling at 1331 Franklin Terrace, Mr. and Mrs. Chas. Jones one for a \$2,200 home at 234 Michigan Street, Miss M. Rickaby one for a \$2,000 home at 236 Michigan, and Mrs. A. S. Christie one for a \$4,800 duplex at the corner of Linden and Richardson.

Late Saturday Mrs. H. Hepburn took out a permit for a \$2,500 five-room house at 2844 Gosworth Road.

OBITUARY

PYE—Rev. J. R. Pye conducted services at Hayward's B.C. Funeral Chapel Saturday afternoon for James Edward Pye. The deceased's colleagues of the B.C. Electric Railway Company attended in a body. Pallbearers: D. Essler, B. Whittle, J. Burnett, Walter Heal, W. Kilsby and C. Croft. Burial at Ross Bay.

BELL—Funeral services for Richard Henry Bell were held on Saturday afternoon from Hayward's B.C. Funeral Chapel under the auspices of St. Andrew's Masonic Lodge No. 49. Rev. M. D. McKee officiated. Honorary pallbearers: W. Hately, Vancouver; W. A. Whyte, Vancouver; and John Tysoe. Active pallbearers: G. A. McNicholl, Vancouver; W. A. Brown, Edmonton; A. I. Curtis, G. Riach and C. A. Rawlings.

DAGG—Our Lady of Lourdes Church was filled for the funeral this morning of Mrs. Mary A. Dagg. Rev. Father J. R. Buckley celebrating mass at 9. Interment at Ross Bay. Pallbearers: G. C. Pinhorn, A. B. McNeill, J. A. Walsh, W. W. W. Baines and G. P. Whittle. Thomson Funeral Home had charge of the arrangements.

WALKER—Mrs. C. H. Morse, 36 Gorge Road, has received word of the death of her brother, Pearce Walker, at Miami Hospital on April 30. Mr. Walker left Victoria for Florida in October last after an extended visit to his sister here, during which he underwent a serious operation.

He was a son of the late Andrew Walker of Stratford, Ont., and for many years was in the monument business in Collingwood, Ont., but of late years resided at Homestead, Fla. He is survived by his widow and one daughter, Mrs. C. Hunt, at Homestead; his sister here, and two brothers, Norton-Walker, Toronto, and Russell Walker, at Beaverlodge, Alta. Interment will be in the family plot in Meaford, Ont.

WARWICK—Word has been received of the death on May 2 in Vancouver of Rose Campbell Warwick, wife of Mr. John Warwick of 1539 W. 13th Avenue. Mrs. Warwick was a past worthy grand matron of the Grand Chapter of B.C. Order of Eastern Star, and has many friends on the island and in Victoria, who will regret to learn of her passing. The funeral took place today in Vancouver under the auspices of the Grand Chapter Order Eastern Star. Burial in Masonic Cemetery, Burnaby.

NYLANDER—The funeral of Nils Leven Nylander will take place tomorrow afternoon at 2 from the Sands Mortuary. Deacon Frank Henry will officiate; interment at Royal Oak.

MUIRHEAD—Mrs. Mary Elizabeth Stevenson Muirhead, 60, wife of Alexander Ross Muirhead, of 2046 Chaucer Street, died Saturday at the Royal Jubilee Hospital. Mrs. Muirhead was born in Scotland and had been a resident of this city for 11 years. She leaves besides her husband, one daughter, Mrs. C. Finimore of Victoria, and two brothers in Stirling, Scotland. Services will be held at McCall Bros' Funeral Home Wednesday afternoon at 3.30. Rev. J. L. W. McLean officiating; interment at Colwood.

VANCOUVER (CP)—Frank L. Ritchie, 79, retired chief inspector of the Union of Pacific Railway's Pacific Fruit Express Company at Hornell, N.Y., died suddenly Saturday while visiting his niece, Mrs. J. M. Smith. Mr. Ritchie came here four weeks ago from Hornell, where he had lived for 30 years. He was born in West Branch, N.S.

OWEN SOUND, Ont. (CP)—Walter Douglas Henry, 65, former Grey County crown attorney, died yesterday. He was president of the Grey North National Conservative Association and was a former all-round athlete in his native town of Orangeville.

MONTE CARLO (AP)—E. Berry Wall, 80, New York-born society leader, who was one of the most picturesque figures on the Continent for more than a quarter of a century, died yesterday. He once was described as "the last ghost of old school dandies."

Hold-up Reported

City police over the week-end investigated a report from a resident of cabins on Johnson Street, who said he was held up and robbed Saturday night.

The man said he was sitting in his cabin when two men came in—one with a handkerchief over his face and the other with his overcoat pulled over his head. "This is a hold-up," they said, and proceeded to remove \$1.10 he had in a cigar box on a shelf.

He furnished police with descriptions of both men.

Annual meeting of the Real Estate Board of Victoria will be held in Spencer's private dining room on Friday at 12.30. Installation of new officers will take place and early summer closing hours will be discussed.

It's a Happy Home That Has a

PIANO

There is an incentive to stay home and to have friends drop in when one has a piano. And when one of the younger generation can play "swing" in all its rhythmic sparkle there you have entertainment unlimited! We invite you to come and see the new, small space-saving pianos. Many of them bear great names—Steinway & Sons, Heintzman & Co., Nordheimer, Wurliizer, Lesage—yet they are priced from as little as \$325 and you need pay no more than \$10.00 down.

Nurse Saddened Near Graduation

Sorrow struck Miss Helen Perry today on the eve of preparing to graduate from St. Joseph's Hospital training school for nurses on Wednesday evening.

Miss Perry was advised this morning her 28-year-old brother, Sergeant G. C. Perry, has been listed as missing and believed killed following Royal Air Force operations in Norway.

Miss Perry has been in training at the hospital for the last three years. Sergeant Perry, native of Revelstoke, left Victoria early last summer with a group of recruits for the R.A.F. He showed great aptitude for flying and quickly became a sergeant, observer and an expert gunner.

In addition to his parents and three sisters in Revelstoke and his sister in Victoria, Sergeant Perry has a sister, Mrs. Roy Jacobson, in Port Alberni.

Director Sees Big Travel Year

All indications point to the fact that British Columbia will see a marked increase in tourist travel this season, according to a report made today to the Hon. W. J. Assestine, Minister of Trade and Industry, by Major Gordon Smith, commissioner of the British Columbia government travel bureau, on his return from a promotional trip down the coast.

Major Smith joined W. A. Macdonald, who is engaged in field and contact work on behalf of the bureau at Los Angeles where an exhibit was installed at the annual outing show of the Automobile Club of Southern California. The outing show, which lasted six days, and attracted 300,000 persons, was better than ever this year. The British Columbia exhibit, which occupied a prominent position, was continually thronged.

At San Francisco Major Smith was one of the guests of the city at dedication ceremonies in connection with the opening of some new highway approaches to the Golden Gate bridge, and was accorded the privilege of breaking the chain when the new approaches were declared open. He extended an invitation to San Franciscans to vacation in British Columbia. At Spokane and other points Major Smith addressed public bodies and conferred with various organizations.

The commissioner returned by way of Cranbrook, Creston and Nelson. At Cranbrook he took part in the organization effected there of the East Kootenay District Tourist Bureau. He stated that in discussions with officials of travel organizations of Arizona whom he met at Los Angeles, he learned that the season in that state had resulted in the largest volume of travel for many years. In southern California he was advised that motor travel was up as compared with former years, and at San Francisco the figures showed that arrivals of motorists were equal to those of last year.

The recent gas war helped one motorist out of a fine when his case was called. He said the car ran out of gas and he had pushed it to Store Street so it would not interfere with city traffic. However, hour parking applies in that section, too, he discovered when he got a ticket, but the court suspended sentence after he made his explanation.

DIED
 DAVIS—Passed away at her late residence, 806 E. Eighth Avenue, Vancouver, May 3, 1940, Emma Davis, in her 82nd year. Survived by five sons, Douglas, Edgar, Harry, Norman, Donald, all of Vancouver; two daughters, Mrs. J. D. Norris, Vancouver; Mrs. J. D. Norris, Victoria; 10 grandchildren.

MURHEAD—On Saturday, May 4, at Royal Jubilee Hospital, Mary Elizabeth Stevenson Murhead, aged 60 years, wife of Alexander Ross Murhead, of 2048 Chaucer Street. The late Mrs. Murhead was born in Scotland and had been a resident of this city for 31 years. She is survived by, besides her husband, one daughter, Mrs. C. F. Munro of Victoria, and two brothers, in Stirling, Scotland.

The remains are resting at McCall Bros. Funeral Home, where services will be held on Wednesday afternoon at 3:30 o'clock. Rev. J. L. W. McLean will conduct the service, after which interment will be in Colwood Burial Park.

NYLANDER—On May 2 there passed away at St. Joseph's Hospital, Nils Leven Nylander, aged 49; born in Sweden and a resident of this city for 30 years. He is survived by a wife, Mrs. Nylander, and three children, all of whom are in Sweden. Mr. and Mrs. John Johnson of Los Angeles and Mr. J. Bjork of Vancouver are also of the family. The funeral will take place on Tuesday, May 7, at 2 o'clock from the chapel of the Swedish Lutheran Church, which will officiate and the remains will be laid at rest in Royal Oak Burial Park.

TENDERS

FOR PAINTING AND WIRING AT THE undersigned up until noon on Wednesday, May 8th, 1940, for painting and wiring at the Victoria Police Station. Plans and specifications which may be obtained from the City Building Inspector's Dept. Please note that the date for receiving these tenders has been extended two days from the date previously stated.

Each tender must be accompanied by a certified deposit cheque for 5% of the amount of tender made payable to the City Treasurer. Envelope containing tender to be marked "Tender for Painting" or "Tender for Wiring," as the case may be.

The lowest or any tender will not necessarily be accepted.

E. S. MICHELL, City Building Agent, City Hall, Victoria, B.C., May 4, 1940.

NAVIGABLE WATERS PROTECTION ACT
R.S.C. 1927, CHAPTER 146.

SIDNEY ROOFING & PAPER COMPANY LIMITED hereby gives notice that it has under Section 7 of the said Act, deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Land Registry District of Victoria, at Victoria, British Columbia, a description of the site and the plans of a wharf proposed to be built in the Victoria Harbor at Victoria, B.C., on Sub-plot 24 of lot 119, Esquimalt District, British Columbia, between the jurisdiction line of the said harbor and the shore line.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice, Sidney Roofing & Paper Company Limited will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa, for approval of the site and plans, and for leave to construct the said wharf.

DATED at Victoria, B.C., this 25th day of April, A.D. 1940.

SIDNEY ROOFING & PAPER COMPANY LIMITED, Per A. D. Macfarlane, Secretary.

'ABE LINCOLN' TO BE STAGED HERE

Robert E. Sherwood's play, "Abe Lincoln in Illinois," which will be seen at the Royal Victoria Theatre on Thursday evening, May 16, not only won the Pulitzer Prize of 1939 but received the highest number of votes from the Critics' Circle as the best play of the year.

"Abe Lincoln in Illinois" was first produced at the National Theatre in Washington, D.C., just three blocks away from Ford's Theatre, the scene of Lincoln's assassination. It began its New York engagement at the Plymouth Theatre on October 15, 1938, and remained on Broadway for 18 months.

Mr. Sherwood prepared for his play by reading far more widely than most dramatists do when they are getting ready to make a play from history. He read with acute understanding and as a result his play is not a mere record of external events, but an astonishing dramatization of a man's inner feelings.

What he has done is to display, with complete clarity and simplicity, how the solid strength of Lincoln's character was forged in the heat of struggle, disappointment, reverse, melancholia and something very like inertia.

In bringing Lincoln to life on stage with complete dramatic success, Mr. Sherwood owes a very great debt to Canadian actor Raymond Massey.

FILM BASED ON BARBARY COAST

Lucky is the star who has more than two men to shower their attentions on her—the hero and the villain.

Janette MacDonald in her latest Metro-Goldwyn-Mayer picture, "San Francisco," opening today at the Plaza Theatre, enjoys the friendship of three admirers: Clark Gable, Spencer Tracy and Jack Holt.

"San Francisco" is Anita Loos' adaptation from the original story by Robert Hopkins, of the ribald days on the Barbary Coast years ago.

Gable is a resort owner with faith in nothing but gold and beautiful women. Spencer Tracy plays the role of a priest.

FISHERMAN HURT

PORT ALBERT (CP)—Kliewe Kiefer, 21, of Vancouver, is in hospital here today with a fractured skull and concussion suffered yesterday when he was struck by a heavy derrick chain aboard the seiner Caroline III near the mouth of the Alberni Canal.

Heavy seas caused the seiner to roll and the chain hanging from the derrick swung and struck Kiefer on the head.

The speedboat Maureen R rushed a doctor to the scene of the accident from here and the injured man was then brought back to hospital here aboard the power boat.

His condition is reported as "fair."

Victoria Pianists In Festival Finals

VANCOUVER (CP)—Bernard Naylor, adjudicating the Bach piano class 115, at the B.C. Music Festival this morning, selected Marie Vowles and Dorothy Craig, Victoria, to play in the finals for the contest, for students under 15 years, tonight.

Speaking of the first-named, the adjudicator said: "She played with nicely-balanced hands, good effect and balance of tone."

Of Miss Craig, he said: "I liked the way she used the left pedal—so necessary in playing Bach properly and used cleverly by so few. She also had a good balance of tone."

Eight competitors took part in the preliminary tests. Other morning contests adjudicated by Dr. C. H. Moody, included day school choir, percussion and rhythm bands, grade 1; a novel exhibit, in the form of the Indian school band from St. Mary's Mission, which took 85 marks.

Miners' Agreement

NANAIMO (CP)—William Atkinson, district representative of U.M.W.A., announced Saturday that coal miners on Vancouver Island have voted in favor of wartime wage and bonus agreement.

Under the agreement, voted on in Cumberland on Tuesday and Thursday, the miners will accept negotiated settlement of all outstanding grievances and the cost-of-living commission plan for revision of wages every four months.

It was announced earlier in the week by Angus J. Morrison of Calgary, and secretary-treasurer of the U.M.W.A., that 9,000 Alberta miners had accepted a similar agreement with coal operators.

Girl Accidentally Shot

EDSON, Alta. (CP)—Pierced through the waist by a .22 calibre rifle bullet, Renee Seaton, 17, of Edson, was in a hospital here today and reported to be in fair condition. The bullet entered her left side and came out on the right side.

The girl was returning from a hike Sunday and had reached the outskirts of the town when the bullet, fired by boys shooting at a tin can target, struck her.

POISON DETECTOR

A spoon made from the beak of a hornbill is supposed to be a poison detector in Perak, on the Malay Peninsula. It is said that the spoon turns black when in contact with poison.

Where-to-Go Tonight
(As Advertised)

ATLAS—Don Ameche in "Swanee River."

CADET—Judge Hardy and Son, starring Mickey Rooney.

CAPITOL—Laurence Olivier in "Rebecca."

DOMINION—"Broadway Melody of 1940," starring Fred Astaire and Eleanor Powell.

OAK BAY—"A Girl Must Live," starring Margaret Lockwood.

PLAZA—"San Francisco," with Jeanette MacDonald.

RIO—"The Young in Heart," starring Janet Gaynor.

'Dr. Kildare's Strange Case'

The romance behind the walls of a great hospital and dramatic moments of a life and death struggle mingle in M.G.M.'s latest "Dr. Kildare's Strange Case," coming to the Dominion Theatre tomorrow. With Lew Ayres and Lionel Barrymore again in their familiar roles as the impetuous young intern, Dr. James Kildare, and the eminent diagnostician, Dr. Leonard Gillespie, the story revolves about a supposed incurable psychiatric case. After Kildare has refused a tempting and highly remunerative life-time post in a private sanitarium, he returns to his hospital and is assigned to surgery. His first case is an accident victim, demanding immediate brain surgery. The patient comes out of his coma insane, and Kildare's friend Shepherd Strudwick, is held responsible for having bungled the operation. Kildare does a little detective work and administers insulin shock treatment to restore the patient to mental normalcy.

NEW FACES IN HARDY PICTURE

Robert Taylor's stand-in has at last become an actor in his own right. The stand-in, Robert Doms, won the role of Martha O'Driscoll's chauffeur in "Judge Hardy and Son," now playing at the Cadet Theatre. He figures in scenes with Mickey Rooney and Ann Rutherford in the new picture which features Lewis Stone, Cecilia Parker, Fay Holden and the rest of the famous "family."

Doms is one of the many "new faces" appearing in "Judge Hardy and Son." Three new characters enter Mickey Rooney's life in the persons of June Preisler, Martha O'Driscoll and Margaret Early.

CATCHY MUSIC IN BRITISH HIT

Acted with sparkle, told with wit and embellished with catchy music, "A Girl Must Live" proves to be one of the most entertaining films ever made in England. Produced for Twentieth Century Productions and released by 20th Century-Fox, the film opened at the Oak Bay Theatre today.

Stepping smartly from the first scene, the story shows us pretty Leslie James (Margaret Lockwood) making her escape from a Swiss finishing school because she believes herself a financial burden on her family. Arriving in London, she meets two hard-boiled gold-diggers, Renee Houston and Lilli Palmer, who work as chorus girls only because the chorus is often a swift means of cornering a man.

FAMED CHOIR IN 'SWANEE RIVER'

The famous Hall Johnson Choir is featured in 20th Century-Fox's "Swanee River," the story of Stephen C. Foster, which is now at the Atlas Theatre, Don Ameche, Andrea Leeds and Al Jolson head the cast.

The choir sings many of Foster's most famous songs, including "Old Black Joe." Hall Johnson himself wrote the arrangement for the songs.

CAPITOL THEATRE

Seldom does the screen version of an outstanding novel retain the brilliance and drama that make the book a classic, but Hollywood's adaptation of Daphne du Maurier's superb "Rebecca," now at the Capitol Theatre, has accomplished just that.

Splendid direction has made this moving story one of the finest films seen in a long time. It is full of drama and suspense from start to finish.

Top-ranking stars Laurence Olivier and Joan Fontaine are excellently cast in "Rebecca."

Ship Ashore in Nova Scotia Fog

HALIFAX (CP)—A pea-soup fog which blanketed the Nova Scotia coast was blamed today for the grounding late Saturday night of the 2,280-ton British freighter Graig on Flint Ledge, about 25 miles east of Halifax harbor.

Fishing boats reported only the Graig's bow remained above water. Her crew was safe on Egg Island, nearby, but one man was injured.

Authorities said an attempt would be made during the day to land a doctor on the island, probably by dory. An airplane also would attempt to drop rations on the tiny rock.

First distress calls from the freighter came a few minutes after 11 p.m. (A.S.T.) Saturday. She reported herself aground but was unable to give her position. Six minutes later her operator reported the crew was abandoning ship immediately.

Naval and salvage ships soon hurried from Halifax but fog and heavy swell prevented them from drawing close in shore. It was yesterday before fishing vessels reached her.

They said there was no sign of life aboard and that she likely would be a total loss. By today all but her bow had disappeared and her crew's whereabouts were established.

The Graig, registered at Cardiff and built in 1924 by B. Duncan and Company Limited, Port Glasgow, is 365 feet long. She was owned by the Graig Shipping Company Limited.

Only a short time ago she caused a stir in North Atlantic waters when she reported sighting a submarine off Halifax.

Naval Crew Takes Over Private Yacht

OTTAWA (CP)—The Royal Canadian Navy has sent a crew of 28 seamen and their officers to Waukegan, Ont., on Georgian Bay, to accept delivery of a private yacht, the Ambler, which has been turned over to the navy for wartime duty. It was announced at naval headquarters today.

Lost Overboard

MONTREAL (CP)—Canadian Pacific Steamships reported today David Butchart of Glasgow, 68-year-old former master mechanic with the International Nickel Company at Sudbury, Ont., was lost overboard during an Atlantic crossing.

Butchart, who had given his destination as Copper Cliff, Ont., was seen last during the evening of May 1. The porthole in his cabin was found open.

Gets Admiralty Post

LONDON (CP)—Rear-Admiral Henry Ruthven Moore has been appointed Lord Commissioner of the Admiralty and second assistant on the naval staff in place of Rear-Admiral Harold M. Burroughs. It was announced today. The appointment will become effective July 25.

Rear-Admiral Moore was navigator of the Castor, flagship of the Grand Fleet destroyer flotilla, during the greater part of the last war, and was awarded the Distinguished Service Order for service at Jutland.

Canadian Pacific

SUNK IN STORM—Great Lakes freighter Arlington, which went down with the loss of her master, Capt. Fred Burke, in a Lake Superior gale last Wednesday.

Down the Gangway

Manila Bishop Comes Home to Retire

Gouverneur Frank Mosher, bishop of the Protestant Episcopal missionary district of the Philippine Islands for the past 20 years, passed through Victoria from Manila today, announcing his retirement.

"I am going to hibernate," he said jokingly, when questioned about his future plans. His immediate destination is New York, where he was born 69 years ago.

During his ministry in the Orient, Bishop Mosher has crossed the Pacific many times, usually with a good story for newspapermen, but this time he had little to say.

"I regret leaving the Far Eastern field, where I have spent many years of my active life, but the time has come for me to step down and I think I have earned a rest from my labors," he said.

Bishop Mosher first went to China as a missionary in 1896, and he was appointed to the bishopric of the Philippines February 25, 1920.

Victoria Attracts People From Orient

Victoria continues to attract British residents of the Orient as an ideal place for retirement.

Mr. and Mrs. D. R. Mackenzie of Shanghai and their two daughters, Elizabeth and Maureen, reached the city today with the intention of settling in the city.

Mr. Mackenzie for many years has been associated with the well-known firm of Jardine, Matheson and Co. Ltd., first in Peiping and more recently in Shanghai.

Mrs. Mackenzie is a former Victoria girl.

Coming to this coast for an extended furlough, Mr. and Mrs. Arthur Parr and their son Denis also arrived in the city this morning from Shanghai. After a visit here they plan to go to southern California.

Mr. Parr is maintenance engineer with the Shanghai Power Company.

Capt. Isherwood Dies

Capt. Albert Edward Isherwood, 74, retired master mariner, who died at his home in Vancouver Saturday, will be buried Tuesday.

Capt. Isherwood was born in Dundas, Ont., and had lived on the coast 15 years. A sister, Mrs. G. L. Massey, lives in Victoria.

Captain Trapped?

MIDLAND, Ont. (CP)—Capt. Ed Burke reiterated today his belief that his brother, Capt. Fred Burke, was trapped when he went down with the freighter Arlington in a storm on Lake Superior Wednesday.

Capt. Ed said that when members of the crew saw their captain wave from the door of his cabin, while they stood by in a lifeboat, he probably was giving an order. He always had made a habit, the brother said, of waving his arms while issuing orders.

"He did what any other captain would do—he waited until all his men were off the boat. He had no lifeboat and naturally would try to get one before leaving. We have no doubt he must have been injured in some fashion that left him unable to leave the boat before it sank."

Junius Mackey, first mate on the Arlington, said that the captain went down with his ship in the tradition of the sea is "a lot of nonsense."

"I've been on the lakes all my life and that story about going down with your boat being a tradition of the lake is a lot of poppycock," he asserted.

Bridges and Aides

WASHINGTON (AP)—Harry Bridges, Joseph Curran and Mervyn Rathbone, leaders of the Congress of Industrial Organizations Union in the maritime field, were called "Communists" today by Peter J. Innes Jr., of Bridgeport, Conn., a witness before the Dies Committee, investigating un-American activities.

Innes, who testified he had been national purchasing agent for the National Maritime Union, told the committee he had attended Communist meetings with all three.

McCormick Sells Five Freighters

SEATTLE—Largest group sale of Pacific coast ships to a European power since the war began was recorded over the week-end as the McCormick Steamship Company announced sale of five of its freighters to the French government.

Delivery will begin the latter part of the month, as soon as each vessel has made one more trip on the coastwise run, with the ships first going to Todd's Drydock and then turned over to a French crew in Portland.

The vessels are the Brookings, 2,327 gross tons, 253 feet long, built in 1919, and of 1,380 horsepower; Munami, 2,594 tons, 251 feet long, built in 1919, of 1,500 horsepower; Nabesna, 2,451 tons, 251 feet long, built in 1919, of 2,500 horsepower; Wallingford, 2,256 tons, 245 feet long, built in 1919, 900 horsepower, and the West Planter, 2,609 tons, built in 1919, of 1,500 horsepower.

TRAVEL OFFICIALS CHECK TOURISTS

HARRISON HOT SPRINGS (CP)—Tourist officials from Washington, Oregon and British Columbia returned home today after a week-end conference here.

E. G. Rowebottom, Deputy Minister of Trade and Industry, from Victoria, told the gathering his department is spending more than \$60,000 this year "in an endeavor to publicize the beauties of British Columbia and attract tourists from all parts of the North American continent."

Douglas Sholer, manager of the Washington State Auto Club, from Seattle, said that British Columbia, Washington and Oregon had "acted wisely in pooling their tourist interests, in view of the anticipated migration of tourists to the Pacific coast this year."

Ray Conway, manager of the Oregon Auto Club, said he believed "1940 will be the biggest tourist year that Canada and the United States have ever seen."

Reeve J. B. Leyland of West Vancouver, B.C., spoke on plans to establish centres for motorists throughout the Okanagan Valley and Cariboo in interior British Columbia.

T. J. Goodlake represented the Victoria Automobile Club, while Gordon Smith and Miss Frances Smith represented the British Columbia Travel Bureau of Victoria. Mrs. E. M. Moore represented the Nanaimo, B.C., Publicity Bureau; F. R. Gooding, Duncan, B.C., and Earle Armstrong the Auto Club of British Columbia at Kamloops, B.C.

Elmer Johnson, president of the Automobile Club at Vancouver, presided.

Saw Liner Queen Mary

BOSTON (AP)—Carrying \$7,000,000 in gold from Durban, South Africa, to New York, the Dutch liner Poelaar Bras arrived here with word that the British luxury liner Queen Mary had sailed out of Capetown April 13, supposedly to continue a voyage from New York to Australia.

Crew members said the liner Aquitania left Capetown before the Queen Mary, after a stay of several days.

Ice Delays Trip Here

LOUISBURG, N.S. (CP)—John Shark, 24-year-old gold miner from the Yukon, is waiting for the ice to disappear from the Cape Breton coast so that he can set sail in his 43-foot schooner Thunderbird for B.C.

As crew, he will have Mavis Wilcox, Vancouver music teacher, and Betty Lowman, Washington journalist. Shark expects the voyage in his 11-ton craft, equipped with auxiliary engine, will take four or five months.

Antarctic Whaling

NEW ORLEANS, La. (AP)—Five Norwegian whaling vessels have ended the most successful expedition since 1912. The catch in the Antarctic was about 1,000 whales from which approximately 7,000 tons of whale oil was obtained. The fleet docked here Saturday.

Wheat

WINNIPEG (CP)—Moderate liquidation prompted by declines at Chicago and more favorable weather reports from sections of the North American spring and winter wheat belts sliced almost a cent from wheat futures prices on Winnipeg Grain Exchange today. Trading was active only in futures and at the close values were 1/2 cent to 3/4 cent lower, May at 88 1/2, July 90 1/2 and October 92 1/4.

Warm weather returned to the winter areas of the U.S. south-west, bringing improved growing conditions, while beneficial rains fell in a number of spring wheat districts in western Canada and the United States. Central and southern Manitoba and parts of southern Saskatchewan received the bulk of moisture which fell over the Canadian prairies.

Some estimates placed overseas sales of Canadian wheat at 350,000 bushels, made chiefly to neutral European nations, but confirmation of this business appeared to be lacking in the Winnipeg pit, where export houses light spreading and commission house activity accounted for the bulk of the remaining transactions.

Only odd lots of cash wheat changed hands although demand improved for nearly all grades. Coarse grain operations were unimportant.

Western Canada farmers delivered 173,000 bushels of wheat to country elevators Saturday against 375,000 unloaded on the same day a year ago.

World wheat shipments totaled 10,465,000 bushels last week, \$636,000 the previous week and 10,933,000 during the corresponding period of 1939.

North America's share of the aggregate was 4,923,000 bushels compared with 4,543,000 cleared the preceding seven days and 4,224,000 shipped during the same week last year.

(By H. A. Humber Ltd.)

CHICAGO (AP)—Led by July and September wheat contracts, which represent the new crop, wheat prices today sagged more than a cent a bushel, although rallying frequently due to short covering and some buying attributed to mills.

Favorable weather over the grain belt; failure of war to stimulate European purchases of North American wheat, with reports indicating world consumption has been curtailed, and continued heavy receipts at domestic markets accounted for the price weakness.

Wheat closed 1/2 to 1 1/4 cent lower than Saturday, May 11 1/2 to 1 1/4, July 1 1/4 to 1 1/4, and lower.

Prices Drop After Rise

NEW YORK (AP)—Selected stocks put on a mild recovery jaunt in today's market but the majority backed away at he close.

Several steels, aircrafts, copper and specialties pushed up fractions to 2 points at the best. In the final hour extreme gains were clipped down substantially or converted into minor losses. Transactions approximated 550,000 shares.

Among the better actors most of the day were Bethlehem Steel, General Motors, Douglas Aircraft, DuPont, Phelps Dodge, Kennecott, Baldwin Locomotive, Worthington Pump and General Electric.

Backward were Safeway Stores, U.S. Rubber common and preferred, Union Carbide, Boeing, Westinghouse, American Smelting and Public Service of N.J.

Canadian issues slanting lower included Dome Mines and McIntyre. Hiram Walker and Lake Shore Mines were steady while Distillers rested unchanged. Canada 4s, among bonds, dipped slightly.

Little Belgium Is Densely Populated

The average number of persons on each square mile in Belgium is about 712. That figure is based on a late census estimate.

Charlemagne in Brussels, as pictured by a modern artist.

In area, Belgium is one of the small countries of Europe, but it has more people to the square mile than any other nation on the continent of Europe. England is just about as thickly settled, but it is cut off from the continent of Europe by the English Channel.

Belgium does not have so much land or so many people as Spain, but it has about six times as many people per square mile. It has almost twice as many people per square mile as Germany.

Going back to the time of the Roman Empire, we find that a large part of Gaul was called "Belgica." This region was bounded on one side by the Rhine River, on another by the Seine River. A third side bordered the sea. People in this part of Gaul were known as "Belgae."

The Belgae seem to have been mainly Celts, but they probably had a mixture of German blood in their veins. Some Belgae crossed the channel to Britain and settled in the parts of England now known as Kent and Sussex.

Almost half of the present-day Belgians are classed as "Walloons." They are descended from the ancient Belgae.

The Walloons speak the French language, and in their ways of life they are a great deal like the French.

Most of the rest of the Belgians are Flemings, who are rather close relatives of the Dutch. There are more Flemings in Belgium than Walloons, and they speak a different language—Flemish.

The Flemings are centered mostly in the provinces known as East Flanders and West Flanders. Belgium has been a free country for only 109 years. It was under the power of Rome for five centuries. Later it was ruled by the French, by the Germans, by the Spaniards and by the Austrians.

The great emperor, Charlemagne, once had a "country home" in what is now Belgium. His palace, however, was in France.

HOROSCOPE

Tuesday, May 7

This is rather a doubtful day in planetary direction. Until late evening adverse aspects are active but there is a sign promising to statesmen and government officials.

This is not a fortunate day for the ambitions of women. In the morning there may be promising letters or good news not later confirmed. There may be a sense of depression and tendency to borrow trouble regarding household responsibilities. The younger generation may be headstrong and trying.

Business motives are likely to be misjudged as reforms are advocated. There is a good sign for commerce which should be helpful in providing exports for war sufferers.

Political conflict in Belgium is indicated. There will be a change in ministers and the king will gain in world influence. Holland is to meet many trying conditions that disturb the people. New alliances are presaged. Religious revivals will be popular among the people.

Persons whose birthdate it is have the augury of a year of advancement. Musicians will find unusual demand for their services.

HAPPY VALLEY

A. J. Hourston of the Provincial Department of Agriculture showed moving pictures in Luxton Hall Thursday evening under the auspices of the Happy Valley Parent-Teacher Association. Pictures depicted the Arctic and a visit to the Royal Mint. H. A. Bailey presided.

The local athletic club will sponsor a dance on May 17 in Luxton Hall. A basketball game will precede the game.

Messrs. Hugh and Leslie Weber, residents for many years on the Old Luxton Road, have taken up residence in Victoria.

JUNEAU YUKON FIND FAIRBANKS OF SNOW IN SUMMER?

RIGHTERONG? HURRICANES, TORNADOES, CYCLONES AND TYPHOONS ARE ALL ROTARY STORMS.

ANSWER: Right, although the diameters of their circular courses may vary from several hundred feet to several hundred miles.

Dorothy Dix's Letter Box

DEAR DOROTHY DIX—I am a girl of 19 and have two children. I have been very happily married until a month ago, when I met a man of 50 with whom I have fallen desperately in love. He is my dream man, but he has a wife and five children. His oldest daughter is older than myself. He is willing to divorce his wife and marry me, as he returns my love. I have told all of this to my husband and we have both agreed to abide by your decision.

ANSWER—Well, if you abide by my decision, you will certainly try to do something about this brainstorm you are having before you bring catastrophe upon 11 people. Surely you must have heart enough and principle enough not to be willing to buy your own happiness at the price of wrecking so many lives.

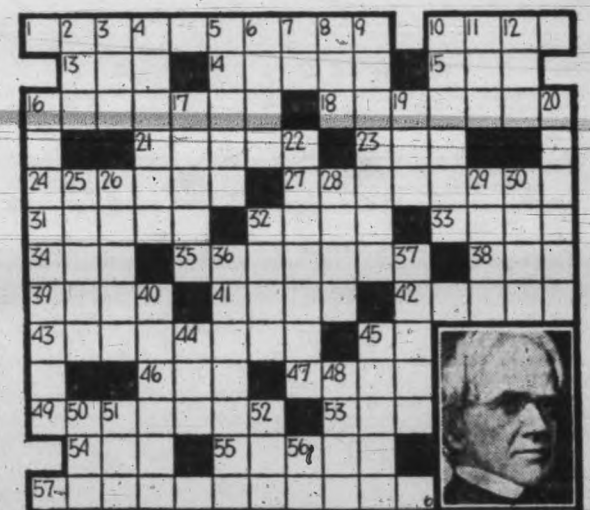

Haven't you enough sanity left to see how foolish and wrong what you are contemplating doing is? Can't you see that this man has only a temporary fascination for you, and that he is only flattered by a girl younger than his daughter falling in love with him? That if you two who are so different in age married, you would have nothing in common and would tire of each other within a month? Can't you realize that a woman who would forsake a good husband and her little children, and a man who would leave his faithful old wife and many children could bring nothing to a marriage of loyalty and honesty and a sense of responsibility that would make it last?

And what about your babies and the man's five children who would be so ruthlessly orphaned? Could you be happy with the knowledge of the misery you had brought upon them forever in your mind? I think not.

Forget this silly episode and stick to your good young husband and your children, and let this ancient Lothario stand by his own family.

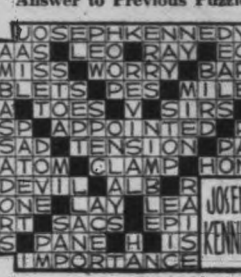

DOROTHY DIX.

Pope Tells Prince Italy Should Remain at Peace

VATICAN CITY (CP-Havas)—The bond of friendship between the Vatican and the Italian royal house was further strengthened today when Crown Prince Umberto and his wife paid a formal visit to Pope Pius.

It was Prince Umberto's second visit to the Pope. Acting as representative of his father, he had called on the Pontiff shortly after the latter's coronation to extend the Royal Family's formal congratulations.

The Crown Princess, as head of the Italian Red Cross, of which St. Catherine of Siena is patron saint, attended ceremonies yesterday at which the Pope prayed that Christ give all nations "that peace which Thine heart hath given to Italy."

Today's call added to the cycle of visits started last December 21 when the Italian King and Queen—making the first such call on a Pope in 69 years—went to the Vatican. The Pontiff subsequently paid a return visit to the Quirinal.

OPPOSES WAR PLUNGE
Responsible Vatican sources had predicted the Pope would take advantage of today's visit by the Crown Prince to press his drive to keep Italy at peace.

In connection with the Italian press campaign against the Vatican, the Pope was expected to remind the Crown Prince that Catholicism has been the religion of the Italian people for 1,000 years.

The Papal organ, L'Osservatore Romano, reminded its readers that Italy's ruling house has shown unwavering fidelity to the church.

The Pope received the French ambassador to the Holy See, Francois Charles-Roux, in a private audience after Crown Prince Umberto and Princess Marie Jose had left.

CONGREGATION CHEERS
After the Pope had concluded his plea for peace yesterday, cheers rang through the Church of St. Mary-over-Minerva. The congregation which packed the church gave the Pontiff a tremendous ovation which lasted almost five minutes. There were repeated shouts of "Long live the Pope" and "Long live Italy."

Particular significance was attached to the Pope's renewed plea for peace on this occasion since it was made during ceremonies in honor of Italy's two patron saints, St. Catherine of Siena and St. Francis of Assisi.

Speaking with emphasis, the Pontiff declared the time for prayer is now "while whirlwinds unleashed by human passions which overwhelm noble nations in a fearful manner threaten beyond the Alps and Italy's frontiers."

DROVE THROUGH STREETS
It was the fourth time since his election 14 months ago that the Pontiff had left the Vatican for a ceremonial trip into Rome.

Motoring through the streets of Rome, the Pope arrived at the Dominican cloister adjoining the church. There he was received by the College of Cardinals and chapters of Dominican and Franciscan friars. They formed a procession which accompanied the Pontiff into the church.

From a throne erected near the altar the Pope looked on while Eugene, Cardinal Tisserant, titular bishop of the church, celebrated a pontifical mass.

The Pope then mounted to the pulpit, where he delivered his homily, exalting the glories of the saint who helped pacify the towns of central Italy more than 500 years ago.

JUSTICE NEEDED
The Holy Father said that at this moment the Almighty was turning his gaze toward earth "to see if he cannot find a man who meditates on so much ruin and is saddened, who is ready to extend the hand of justice, which brings forth peace."

The Pope invoked the intercession of Italy's patron saints, and continued:

"Jesus, the Word, all-powerful King of the centuries, Who chose the holy spot where Thy vicar resides, turn Thy beneficent gaze on this people and on this land that Thou cherish, this soil bathed with the blood of princes, of Apostles, of so many martyrs consecrated by their works and their virtues, of so many of Your vicars: listen to our prayer. Triumph in the world."

"May that peace which Thine heart hath given Italy, that peace which Thou gavest the Apostles and which we invoke for all men—may that peace return among peoples and nations separated by forgetfulness of Thy love and tormented by bitterness and the spirit of vengeance."

ONE FLOCK
"O Jesus, dissipate the whirlwinds which rage about humanity, redeemed by Thee. Make one sole peaceful flock of Thy sheep, so that men may listen to Thee, and follow Thy voice, so that all peoples may worship and serve Thee. Let all men, gathered together in one faith, detach themselves from the irrevocable course of time to be engulfed in the peace of eternity."

The Pope received the French ambassador to the Holy See, Francois Charles-Roux, in a private audience after Crown Prince Umberto and Princess Marie Jose had left.

Street Cleaner Becomes Bishop

NEW YORK (AP)—A 38-year-old street cleaner, Eustachio Paolucci, yesterday was consecrated Bishop of the Church of God, an independent denomination, in a colorful ceremony in the sect's Jamaica Temple.

Five hundred persons, including officials of the department of sanitation and the city street cleaners' glee club, attended the services.

As a bishop Paolucci will have supervision of 400 Italian churches in New York, Jersey City, Philadelphia and other cities as far south as Atlanta, but he told his congregation:

"I must continue as a street cleaner to earn my bread. I am not ashamed of this work, for were not the apostles of Christ fishermen and men of humble rank?"

A street cleaner for the last 12 years, Paolucci was born in Italy. Since coming to the United States in 1915 he also has worked as a bookbinder and newsboy.

No student of theology, he was elevated as a reward for his activity in church affairs. Sanitation department officials said he had "a splendid record" with the broom.

Vienna, Once Gay Capital, Doomed By Nazi Decrees

Vienna, once the capital city of the greater part of central Europe, is to lose its last shred of dignity and become "just another provincial city," William L. Shirer, Berlin correspondent of the Columbia Broadcasting System, said in his trans-Atlantic broadcast this week.

FAMED MUSIC CENTRE

Quoting Berlin newspaper reports, Shirer said that effective February 1 the province of Ostmark, made up of what was Austria until March, 1938, will be divided up into townships or boroughs. After that date the once-gaily city of Vienna will lose its status as capital, even of the province, he said.

Once among the most brilliant political, commercial, art and music centres of the world Vienna under the dual monarchy was the capital of territory from the Adriatic to the Russian border.

The most famous musicians of the 19th century, among them Mozart and Beethoven, lived and worked in the city, and the waltzes of Johann Strauss, the younger, and others are known to this day as Viennese waltzes.

After the World War Vienna was the capital of only the rump of the former empire. Despite this she retained much of her former gaiety and grace, travelers said, until after the annexation by Germany in March, 1938, culminated a series of crises which had begun four years earlier with the shelling of Socialist sections of the city by the government and the murder by Nazis of Chancellor Engelbert Dollfuss.

SWASTIKA DISPLAYED

Shirer said that well over half of the women and children evacuated from the English capital by the government last September have returned to "vulnerable areas."

The British do not hate the swastika symbol as such, reporting that several towns have refused to ban display of the emblem, which was used before the birth of the Nazi party as a Boy Scout insignia and was the "trade-mark" of the late Rudyard Kipling.

World Watches U-235

NEW YORK (AP)—Laboratory isolation of a new chemical substance, one pound of which is said to be capable of yielding the power output of 5,000,000 pounds of coal or 3,000,000 gallons of gasoline, was described today by the New York Times.

The Times said the discovery, announced in the current issue of the Physical Review, a scientific journal, had been hailed by leading scientists as holding the promise of revolutionizing all present methods of power production and ushering in the era of atomic power.

The substance was identified as "U-235," an isotope or chemical twin of ordinary uranium, which when simply immersed in cool water releases its energy in a form useable by man—steam.

Five to 10 pounds of the substance, plentifully available in many parts of the earth, would drive a battleship or seagoing submarine around the oceans for an indefinite period without refueling, it was said.

The Times said the German government had heard of United

States research in this field and had ordered its greatest scientists to concentrate on the problem of improving the method of extracting U-235, one pound of which was said to have the explosive force of 15,000 tons of TNT.

GERMANS TRYING
"All German scientists in this field, physicists, chemists and engineers . . . have been ordered to drop all other researches and devote themselves to this work alone," the Times said.

The substance U-235 had been known for some time, but its power potentialities were first suspected within the last three months, since a minute fraction of a gram was isolated in February at the University of Minnesota physics department under the direction of Professor Alfred O. Nier.

This sample was taken to Columbia University, where Professor John R. Dunning subjected it to tests with a 150-ton cyclotron or atom-smasher.

The report in the Physical Review said that since then the yield had been increased 200-fold,

U.B.C. Players' Club Pleases Audience

The well-trained, enthusiastic Players' Club of the University of British Columbia made its annual trip to Victoria on Saturday and presented the three-act play "Pride and Prejudice" at the Victoria High School auditorium.

Helen Jerome did the dramatization of Jane Austen's famous novel to make the play a most entertaining one.

Much of the action takes place in London and environs early in the 19th century, the costumes being outstanding in interest and picturesqueness.

Sydney Risk, himself an actor of note, was the director, and is to be congratulated for the way the play moved in all scenes and acts.

All the players did splendidly with their roles, those taking part being: Lister Sinclair, Allison Cumming, Margaret Morris, Ruth Heyer, Shirley MacDonald, Josephine Kennedy, Nancy Bruce, Pauline Scott, John Glen, Robert Haywood, James Halcrow, Patrick Keatley, Mary McLorg, Ruth Heyer, Lorraine Johnston and James Frazee.

Mr. Risk, in addition to directing the play, also designed the costumes, which were created under the supervision of Evelyn Barwick in the club workrooms. John R. Quigg executed the settings.

The Players' Club is now "on the road," visiting many places in the province with their 1940 offering.

HELL IN LIMELIGHT—At the junction of the Namsos-Trondheim and Oslo-Trondheim railways is, Hell, whose railway station is pictured.

French War Cabinet Meets

PARIS (AP)—The war committee of the French cabinet met with President Albert Lebrun at the Elysee Palace today.

The "inner cabinet" includes Premier Paul Reynaud, Vice-Premier Camille Chautemps, Defence Minister Edouard Daladier, Finance Minister Lucien Lamoureux and Georges Mandel, Minister of Colonies.

Earlier M. Reynaud had conferred with Paul Naggar, ambassador to Russia, who has been in Paris since September.

Grottum-Sbraten Killed

OSLO (AP)—Einar Grottum-Sbraten, Norwegian ski expert, was killed in fighting north of Oslo, it was reported today. He was a member of a ski patrol which was surprised by a German patrol.

Vegetables Were Sapped
Vegetables were called herbs by the meat-eating Englishmen of the days of Henry VIII. They considered vegetables as "meat fit for hogs and savage beasts than for Christian men!"

'Beer Money'
In 19th century England, beer money was an additional expense for hiring servants. In addition to the regular wages, cooks and other servants had to be supplied with beer or money to buy beer.

A simplified way of measuring the tendency of paper to curl—important to paper manufacturers—has been devised, raising the hope that a process for isolating the substance in large quantities would soon be found.

ACTION OF SUBSTANCE
Describing the action of U-235, which is made by splitting the uranium atom and producing a nonstable, exploding atom, the paper said:

"Left by itself, the substance would be inactive. As soon as it touches water of ordinary temperature it would automatically start to liberate its energy."

"The water would be turned to steam and the steam would drive powerful turbines. The new water supplied would keep the process going indefinitely. To stop it, all that would be necessary would be to cut off the water supply."

"Thus the process would be the nearest practical approach to a form of perpetual motion, for as long as U-235 is supplied with water it would keep on liberating its energy until it is exhausted."

SIDE GLANCES

By Galbraith

"Tom writes that he's going to flunk economics, but not to worry—he's just made the university band!"

Oldest Scout Group Holds Celebration

A troop that has carried on the work of teaching Victoria youths the many useful phases of Scouting for 30 years, the Third Victoria Boy Scout Troop celebrated the anniversary of the granting of their charter Saturday afternoon at Scout headquarters, Johnson Street.

This troop is the oldest group in the city.

The occasion was celebrated with an enjoyable program. A large crowd was pleased with the displays depicting Boy Scout work and enjoyed themselves at games and novelties. The displays were:

A quarter-stave exhibition by four Scouts who represented the troop at the Seattle Scout circus last month, a first-aid demonstration, construction of a model bungalow and shelter and a small bridge.

Other entertainment was provided by Jack Williams, magician, and Johnny Gow, with his Punch and Judy show.

Afternoon tea was served under the convership of Mrs. M. L. Olsson and Mrs. Brown, assisted by the Girl Guides and the Fourth Victoria West Company.

Guests of honor were: Mr. and Mrs. W. Solway, Vancouver, provincial executive commissioner for the province; General Sir Percy Lake, K.C.B., K.C.M.G., honorary president of the Victoria Association; Capt. E. G. Beaudmont, a member of the Victoria executive; Mrs. A. Woodcroft, an executive member, and Mr. and Mrs. Mills from Winnipeg.

Peter Olsen received a prize from Mr. Solway for selling the most tickets for the jamboree, which was attended by the cub pack of the Third Victoria.

The home cooking stall was in charge of Mrs. D. L. Macdonell and Mrs. J. Kent-Fawkes. Mrs. P. H. Stevens had charge of the home-made candy. The games were in charge of the Scouts, while J. W. Green, Scoutmaster, and R. F. Leighton, assistant Scoutmaster, were general conveners of the affair. Assistance in organizing the jamboree was given by Messrs. Stevens, Kent-Fawkes and Gow.

House Vacancy Left By Death

A provincial by-election is necessary as a result of the death of John M. (Mel) Bryan, Liberal member of the British Columbia Legislature for Mackenzie riding. He died Sunday at his North Vancouver home after an illness of several months.

LATE J. M. BRYAN

Born August 4, 1886, at Lucknow, Ont., Mr. Bryan came to British Columbia in 1908 and worked as a linotype operator on the Vancouver Daily Province and the World, which subsequently was sold to the Sun Publishing Company. In 1926 he established the Review, a weekly newspaper in North Vancouver.

Mr. Bryan was first elected in Mackenzie riding in the general election of 1924. He was re-nominated when voting took place four years later, but withdrew in favor of Hon. Ian Mackenzie, now Minister of Pensions and National Health.

Mr. Bryan did not return to the Legislature until the general election of 1937.

He is survived by the widow, three sons, Melvin, David and Roy, and two daughters, Mrs. Laurie Bradshaw and Mrs. Wilfred E. Boulter.

Mr. Bryan's death leaves the Liberal party holding 30 seats in the 48-member House. C.C.F. and Conservatives each hold eight seats and Labor one.

Entomologists have faint hope of finding a cure-all spray for insect pests, but progress is made in controlling a number of pests with one treatment.

LOANS WITHOUT ENDORSERS

You can borrow \$100 on your own signature, if you can repay \$7.78 a month—No credit questions asked of friends or relatives—See table for other loans and payment plans—Quick, private service

You can borrow \$20 to \$500—without endorser or guarantor—if you can make regular monthly payments on your loan. You may make these payments on the schedule which best fits your monthly income. You may repay a small amount each month. Or you may repay in larger instalments and thus reduce the cost.

You can borrow \$20 to \$500 if you can make these convenient monthly payments

WE GUARANTEE the total amount figured by using this table to be the full amount you will pay, when payments are made on schedule. You will pay less if you repay your loan, in full or in part, since you pay charges only for the actual time you have the money. Payments include charges at the rate of 2% per month as authorized by the Small Loans Act, 1939.
